New Draw Cycle for Pronghorn Antelope, Elk

The Arizona Game and Fish Department will now conduct three separate application and draw cycles for big game hunt permit-tags. 2007 is the first year the department holds a separate draw for pronghorn antelope and elk. This change was made to let hunters know earlier if they have been drawn for these two popular big game animals. The three draw cycles are:

SPECIES	DRAW DEADLINE
Pronghorn antelope, elk	Second Tuesday in February (Feb. 13, 2007)
Deer, fall turkey, fall javelina, bighorn sheep, fall buffalo	Second Tuesday in June (pending commission approval)
Spring javelina, spring bear, spring turkey, spring buffalo	Second Tuesday in October (pending commission approval)

Changes For 2007

This list is for informational purposes only and lists only the major changes that have occurred since the publication of the last regulation booklet. Individuals should thoroughly read and understand the appropriate regulations prior to making application or going afield.

For Reference to Laws and Rules Arizona Revised Statutes and Commission Rules are printed in the Arizona Hunting and Trapping Regulations booklet, which is reprinted annually each May. To review an Arizona Revised Statute or Commission Rule mentioned in this document, refer to the current Arizona Hunting and Trapping Regulations booklet.

New Fees are Implemented Arizona license, stamp, permit-tag, nonpermit-tag and application fees changed in 2007. See pages 4-5 for a list of new fees.

License Information

Who Can Go?

Everyone needs a license to hunt wildlife in Arizona. You need in your possession a valid hunt or combination hunt and fish license, plus any required hunt permit-tags, nonpermit-tags or stamps. A Class H Three-Day Non-resident Hunting License is not valid for big game.

YOUNG HUNTERS – Anyone 14 years of age or older needs a license to hunt wildlife in Arizona. You need in your possession a valid hunt or combination hunt and fish license, plus any required hunt permit-tags, nonpermit-tags or stamps.

A person under 14 may hunt wildlife other than big game without a license only when accompanied by a properly licensed person 18 years or older. No more than two unlicensed children may accompany any license holder.

No one under the age of 14 may take big game without having completed a Hunter Education Course. No one under age 10 may hunt big game in Arizona. To hunt big game, anyone 10 to 13 years of age must have in their possession a valid hunt or combination hunt and fish license, a valid Hunter Education Course completion card, plus any required permit tags, nonpermit-tags and stamps.

Where to Buy Licenses

Arizona hunting licenses can be obtained from license dealers throughout the state, from any Arizona Game and Fish Department office, online at azgfd.gov or by calling (800) 705-4165.

When you buy a license online, you will receive your actual license number upon completion of the transaction; this number may be used on a drawing application. The regular paper license will be mailed within one business day.

If you are applying for a big game draw or bonus points, you may purchase your general hunt or combination hunt and fish license while you are entering your application for the draw. Other licenses with hunting privileges may be purchased separately online.

Lifetime License Holders

If a lifetime license holder changes resident status from Arizona, the licensee must then purchase non-resident stamps, tags, and permits. A non-resident tag or stamp can accompany your lifetime resident license. If you are a lifetime license holder who has moved out of state, the 10 percent non-resident cap does not apply to you. The lifetime license will remain legal for the taking of all wildlife as permitted by law. Residency may be reestablished after moving back to Arizona and meeting the required time period as set forth by law. Consult A.R.S. 17-335.01 for additional information.

Residency Requirements

A resident means a person who has been a bona fide resident of the state of Arizona for six months immediately preceding the date of application for a license or a member of the armed forces who has been stationed in Arizona for a period of 30 days immediately preceding the date of application for a license.

Arizona residents may purchase a resident license. All other individuals must purchase a non-resident license.

You may purchase certain hunting and fishing licenses online at azgfd.gov.

Three-Day Non-Resident License

A Class H, Three-Day Non-resident license, valid for the taking of small game, fur-bearing animals, predatory animals, nongame animals, nongame birds, upland game birds and migratory game birds, except ducks, geese and swans is available at all license dealers. This license is not valid for hunting big game nor is it valid when applying for big game hunts through the draw process.

Lost License or Tag Replacement

Lost licenses, hunt permit-tags and nonpermit-tags may be replaced for a fee at any Arizona Game and Fish Department license dealer. Consult R12-4-103 Duplicate Tags and Licenses for additional information.

Physically Challenged Hunters

Those hunters who are physically challenged may qualify for a Challenged Hunter Access/Mobility Permit (CHAMP). Consult R12-4-217 for a description of this permit. Contact any Arizona Game and Fish Department office for additional information and application.

Non-US Citizens Wanting to Hunt in Arizona

Pursuant to new regulations by the U.S. Bureau of Alcohol, Tobacco and Firearms (ATF), nonimmigrant aliens who want to temporarily import firearms and/or ammunition into the United States for the allowable purpose of taking wildlife will need an ATF import permit and valid hunting license in possession at the time of entry/import into the United States. For further information or to make application for the import permit, contact ATF's Firearms and Explosives Import Branch at (202) 927-8320, or download an application from the ATF Web site at www.atf.treas.gov.

Draw Information

The Draw

When the number of hunt permits for a species in a particular area must be limited to prevent over-harvest of wildlife, the Commission Order governing seasons for that species assigns a hunt number to a designated area, and a hunt permit-tag is required to take that species in that area. Hunt permit-tags are issued through a computerized random drawing. Big game tags not issued through the drawing process are nonpermit-tags. Nonpermit-tags may be purchased directly from department offices or through license dealers.

Qualifications

Individuals wishing to participate in a drawing or to purchase bonus points must apply in writing using the Hunt Permit-Tag Application Form or online at azgfd.gov.

Each applicant must possess a valid license for the year in which the hunt will take place or possess a lifetime, pioneer or disabled veteran's license. Class H licenses may not be used in applying for big game hunt permit-tags. **Juveniles applying for big game hunts must be licensed.** Applicants not licensed for the year in which the hunt will take place must

submit the information and fees required for a license on **each** paper application submitted. Only one license will be issued to you and you will receive a refund for the other license fees submitted. If you apply for multiple genera by submitting online applications, only one license application is required.

Applying For A Hunt

Paper applications for hunt permit-tags must be made on Hunt Permit-Tag Application Forms available at department offices, Web site, and license dealers. Please use the current year's application form, that is WHITE in color. Do not use any previous year's application form as certain important changes have been made this year. Applications not prepared in a legible manner may be deemed not valid and shall be rejected as specified in R12-4-104(D). Use standard blue or black ink (no gel ink). For most draws, applications can also be made online at azgfd.gov.

No more than four people may apply in one envelope. All applicants in a group must apply for the same hunt number(s) and in the same order of preference.

No person may submit more than one valid application per genus of wildlife in any calendar

year, except as specified in R12-4-104(L).

No more than one genus may be included on each Hunt Permit-Tag Application Form. Use a separate form and envelope for each genus (pronghorn antelope, elk) of wildlife you wish to hunt. Antelope hunts are in the 2000 series and elk hunts in the 3000 series. You can list a general hunt as your first choice and another weapons type hunt for the same genus as another choice on the same application—just be sure they are in the same numerical series. Use only one application per genus, even if you are mixing weapons choices.

Hunt Permit, Bonus Points Disclaimer

The issuance of any big game permit has no express or implied guarantee or warranty of hunter success. Any person holding a valid permit assumes the risk that circumstances beyond the control of Arizona Game and Fish may prevent the permit holder from using the permit. In such situations, Arizona Game and Fish disclaims any responsibility to reissue or replace a permit, to reinstate bonus points or to refund any fees, except under specific circumstances as stated in R12-4-107.

Draw Information

Fees

When submitting paper applications, each applicant shall enclose the following fees:

1. The fee for the appropriate hunt permit-tag, which includes the permit application fee.
2. Fee for a hunting license, if a license is requested. Be sure to enclose license fees for each person who is applying on the application for a hunting license.
3. Discounted hunt permit-tag fees are for "Juniors-Only" designated hunts. **If a person is applying for a Juniors-Only hunt and a regular hunt on the same application, the higher of the tag fees must be enclosed.**

Each payment enclosed with a hunt permit-tag application shall be made by certified check, cashier's check, money order, or personal check or draft payable to the Arizona Game and Fish Department. Cash will not be accepted.

One personal check or money order can cover all fees for the application.

The permit and license fees are specified in the fee schedule on pages 4-5. The hunt permit-tag fees on page 4 include the non-refundable application fee.

A \$25 fee will be charged for each returned or dishonored check.

Submitting Applications

Applications may be submitted online at azgfd.gov. Applications (except first-come applications) may also be hand-delivered to department offices in Phoenix, Mesa, Tucson, Flagstaff, Pinetop, Kingman or Yuma. Mailed applications must be sent only to the department's Phoenix Office at P.O. Box 52002, Phoenix, AZ 85072-2002. On deadline days, department business offices close at 5:00 p.m. (MST), but applications can be delivered to drop boxes until 7:00 p.m., (MST). Drop boxes are locked promptly at 7:00 p.m., (MST). All applications must be received by the department before the deadline. Deadlines for submission are specified in the Hunt Permit-Tag Application Schedule on page 6. Postmarks don't count.

Complete and proper preparation of an application is the sole responsibility of the applicant.

What Happens To My Application?

Any application not properly prepared, submitted with insufficient fees or one that is illegible is not valid and will be rejected.

If there is an error and your paper application is received by the department on or before Friday, Jan. 19, 2007, we will make three attempts within a 24-hour period to notify you by telephone if a phone number is provided. If we are able to contact you by phone and our customer service representatives can correct the application at that time, they will do so and enter the application in the Draw. If an error cannot be corrected by phone, we will still attempt to notify you of the error and advise you to re-submit your application. The applicants may then prepare a new Hunt Permit-Tag Application Form, include the appropriate fees and re-apply by the scheduled deadline date.

If any applicant in a group is rejected for any reason, all other applicants in that group will also be rejected.

No hunt permit-tag will be issued to anyone in a group if there are not sufficient hunt permit-tags available for all applicants in that group.

Hunt permit-tags will be mailed to each successful applicant.

What If I'm Not Drawn?

Please use one of the methods (telephone or Internet) described on page 2 to access draw results. These methods of access shall serve as the official notification of draw results.

If you submit a paper application, the fee for your hunt permit-tag will be refunded. Overpayments and hunt permit-tag fees received with unsuccessful applications will be returned to applicant "A," as shown on the Hunt Permit-Tag Application Form. Application and license fees will not be refunded. You will not be issued or charged for more than one license.

If you or a member of your group elected to donate his/her fees or a portion thereof, the donation will not be refunded. If an applicant has applied for a hunting license and is unsuccessful in the draw, his/her money for the license fee will not be refunded. A hunting license is required to apply in a drawing. If an application is rejected and a license has been requested, the license will not be issued.

You will be awarded bonus points if eligible to receive them.

Big game hunt permit-tags remaining after the drawing will be issued on a first-come, first-served basis online only as specified in the hunt permit-tag application schedule on page 6. When the bag limit is one per calendar year, an unsuccessful applicant may re-apply for remaining hunt permit-tags in unfilled hunt areas.

Purchasing A Bonus Point Only

In the event you do not wish to participate in a big game drawing for antelope or elk but still wish to accumulate bonus points for these genus, you may "purchase a bonus point."

When completing your application, you must choose the bonus point hunt number established for that genus as your first choice. A bonus point hunt number is established within each applicable Commission Order. If you choose this hunt number, you may not choose any other hunt number on your application.

If the bonus point hunt number is any choice other than the first choice or any other hunt numbers appear on the application, your application will be rejected. You may purchase only one bonus point per genus per drawing.

In order to purchase a bonus point, you must have previously purchased a hunting license or apply for a hunting license through the draw for the year in which the hunt will take place. You must also include the application fee per applicant. Your application will **NOT** be entered into the draw and you will not receive a refund on the license fee or the application fee. **Do not** include the fee for the hunt permit-tag for the genus in which you are applying for the bonus point. **A bonus point purchase costs you only the license fee (if needed) and the \$7.50 application fee per applicant.**

If you apply for a bonus point only using the established bonus point hunt number, you may **NOT** submit another application for the same genus. To do so will cause both applications to be rejected as duplicate applications.

All applicants in a group must apply for the same established bonus point hunt number. The application will not be included in the random number drawing and the individual(s) on the application will each receive a bonus point for that genus.

How to Apply for the Draw

How to Submit an Online Application

You may now apply for big game hunts and bonus points online at azgfd.gov. There are many advantages in submitting an online application. By using the online method, you can meet deadlines without mailing applications or traveling to a department office to drop off applications. The possibility of your application being rejected is drastically reduced due to the fact that the online application program will prompt you to accurately complete your application.

Additionally, at the time of application you will only have to pay for the application fee, the license fee (if you have not previously purchased a license for the year in which the hunt takes place) and any donations you might wish to make to the Big Game Habitat Fund. Hunt permit-tag fees will be charged after the drawing is completed and you are successful in the draw. This eliminates the requirement to pay your tag fees in advance and/or issue a refund if you are not successful in the draw.

If you are applying for a bonus point, you are charged only the application fee and the license fee (if needed). A license is required to apply for a hunt permit-tag or a bonus point. A valid credit or debit card (Visa, MasterCard, Discover or American Express) must be used when applying online.

Please be aware that if you are successful in the draw and the credit or debit card used for the application is not approved for the amount of the required fees after the draw, your application will be rejected. The department is not responsible for any overdraft charges incurred due to insufficient funds. If your credit or debit card is lost or stolen after using it to apply online or if it should expire prior to the draw, you may update your credit or debit card information online or you may call the department's online vendor at the following toll-free number 1 (888) 220-1203, and provide a valid credit or debit card number prior to the completion of the draw. Even if you are successful in the draw, your application will be rejected if payment on your credit or debit card is declined.

To apply online, simply log on to the Arizona Game and Fish Department Web site at azgfd.gov, place the cursor on "Big Game Draw" located on the green bar on the main Web page and follow the step-by-step instructions. Please have your hunter list completed with all the required information for each hunter prior to logging on to apply.

Completing Your Paper Hunt Permit-tag Application Form

R12-4-104 explains application and drawing procedures in detail. Please see the 2006-07 Hunting and Trapping Regulations for the rule. Complete and proper preparation of an application is the sole responsibility of the applicant. If any applicant in the group fails to complete any required portion of the application, all applicants in the group will be rejected.

Numbered paragraphs correspond to numbers circled on the SAMPLE form, use it to assist you in completing your form.

1 Enter the hunt number(s) of the hunt(s) in which you wish to participate. The hunt number will indicate the genus (deer, elk, etc.) and area you want to hunt. **Do not use the Game Management Unit Number.** Hunt numbers are listed in the far left column of each Commission Order. Pronghorn antelope hunts are in the 2000 series and elk are in the 3000 series. All hunt numbers on an application must be in the same series. **YOU CANNOT MIX HUNT SERIES NUMBERS, BUT YOU CAN MIX WEAPON TYPES WITHIN A SERIES.** You

must submit a separate application for each genus (series). No more than five hunt choices can be requested. You may request fewer. You do not have to fill in all the blocks. Do not repeat any choices. You may only apply for either a bonus point or a valid hunt number for any genus, NOT both.

2 Enter your correct date of birth (mm/dd/yyyy).

3 Enter your Social Security Number. In accordance with Federal Requirement, 42 U.S.C. Section 666 (A)(13) and A.R.S. 25-320 (N) and 25-502 (K), you must provide your Social Security Number in the space provided. This is kept on file with the Arizona Department of Economic Security for use in identifying and tracking child support offenders. If you are not a U.S. citizen you must write "NOT US CITIZ" in the Social Security field. If you are not a U.S. citizen, you must obtain a Department I.D. Number and enter it on the application. See #6. You may obtain a Department issued ID number by calling (602) 942-3000 during business hours.

4 Check the appropriate resident or non-

resident box. Resident means a person who has been a bona fide resident of the state of Arizona for six months immediately preceding the date of application, or a member of the Armed Forces who has been stationed in Arizona for a period of 30 days immediately preceding the date of application for a license.

5 Enter your valid Arizona hunting license number for the year in which the hunt for which you are applying occurs. The hunting license number consists of two letters and six numbers. If you don't have a license, see "Completing Your License Application Form," page 9. You must purchase a license through the draw by completing a License Application Form and submitting payment with each of your applications if you are not licensed.

6 Enter your Department I.D. Number (formerly called Sportsman I.D.). This number is only for those individuals who choose to use a department issued I.D. Number instead of a social security number to track bonus points. This is a permanent number and is to be used on all hunt applications. Your I.D. Number (if different from SSN) is vital to track your bonus

How to Apply for the Draw

points and to ensure that you receive the proper credits. Using a different number may result in your not receiving proper bonus point credits. An I.D. Number may be obtained by calling the department.

7 Enter your correct full name (last name first), **home mailing address**, city, state and zip code.

8 The department will make three attempts within a 24-hour period to notify you of errors in your paper application if the application is received on or before Friday, Jan. 19, 2007. If you wish to participate in this service, please list a telephone number where you can be reached. You are not required to enter your telephone number.

9 Each individual applying, or an appointed individual, must sign the appropriate application section.

COMPLETE 10-16 ONLY IF APPLYING FOR A LICENSE.

10 Enter M for Male, F for Female.

11 Enter your weight in pounds.

12 Enter your height in feet and inches.

13 Enter the appropriate abbreviation for hair color:

- | | |
|--------------|-------------|
| BLD - Bald | BLK - Black |
| BLN - Blonde | BRN - Brown |
| GRY - Gray | RED - Red |
| SDY - Sandy | WHT - White |

14 Enter the appropriate abbreviation for eye color:

- | | | |
|-------------|------------|-------------|
| BLK - Black | BLU - Blue | BRN - Brown |
| GRN - Green | GRY - Gray | HZL - Hazel |

15 Enter the number of years and/or months that you have been a resident of Arizona. (See page 4, Completing Your Hunt Permit-Tag Application Form, paragraph 4 to determine if you qualify.) No entry is required here for a non-resident applicant.

If you are not drawn, you will be refunded only the hunt permit-tag fee. You must possess or purchase a license to participate in a drawing or to purchase a bonus point. 29. Elk occur in low numbers in these non-traditional areas. Hunt success may be very low to no success.
 30. Camp Navajo in Unit 6B is open to elk hunting only to properly licensed hunters holding a valid Camp Navajo hunting permit. A hunter education course is required. Hunt numbers must be obtained from the Arizona National Guard. For more information on how to apply for a Camp Navajo hunt, go to www.campnavajo.com and select Hunting. Increases in Force Protection may result in hunt cancellations at any time with little or no prior notification. In the event a hunt is cancelled due to an increase in security, hunters drawn for these permits will not be reimbursed or otherwise compensated by the Arizona Game and Fish Department. Applications for these hunts must be submitted to the Arizona Game and Fish Department by the published deadline.
 31. The Grand Canyon-Parashant, Vermilion Cliffs, Sonoran Desert, Ironwood Forest, and Agua Fria National Monuments are open to hunting.
 32. Eligible disabled veterans must be rated at 50% or greater as determined by the Veterans Administration. Written proof is required prior to being allowed to hunt on Camp Navajo.
 33. Portions of Units 1 and 27 have been closed to elk hunting. Hunting is not permitted in the Alpine Valley in the following areas of Units 1 and 27: all lands in Section 12, Township 5 North, Range 30 East; all lands, other than USFS lands, in Sections 1, 2, 3, 10, 11, 13, and 14, Township 5 North, Range 30 East; and all lands, other than USFS lands, in Sections 7, 16, 17, 18, 19, and 20, Township 5 North, Range 31 East.

Camping is permitted in five areas south of AZ Hwy 260 including Black Canyon Rim Campground, Gentry Campground, Lewis Campground (contact Lakeside Ranger District first), some portions of the forest west of FS 300, just south of AZ Hwy 260, and some areas west of FS 512; 3) Cross-country travel with any type of motorized vehicle is not allowed; 4) Retrieval of Big Game is restricted to roads only (hunters with dead, down, and tagged big game animals can travel on any visible roads, including any secondary or two-track, to retrieve their animals). Please call the Black Mesa Ranger District Office (928-535-4481) or Lakeside Ranger District Office (928-368-5111) for questions regarding the Forest Order and camping areas.
 36. The U.S. Forest Service has expressed concern regarding road damage during wet weather. The Department is working with the U.S. Forest Service to provide limited access via designated core roads in Units 5A, 5B, 6A, 6B, 7, 8, and 9 that will remain open during periods when other roads may be closed. When weather is deemed severe, the core roads may also be closed to prevent excessive road damage, provide for public safety, and protect natural resources. Roads that have been closed are closed to all users. Hunters should respect and obey road closures and drive responsibly during wet periods. It is recommended that hunters contact the appropriate Forest Service office to determine current road status for their hunt area (see the Index: Hunting on Public Lands).

2006 Drawing Odds and Success Rates (continued)

Hunt success data is preliminary. Final hunt success data will be available from the department in April. Draw Odds reflect an applicant's chance of receiving his or her first choice and are computed without regard to bonus points or residency. Draw odds showing zero (0) indicates your odds are less than 1%.

Supplemental (Population Management) Hunts and Hunter Pool

Beginning in 2003-2004, the Arizona Game and Fish Department established Population Management Hunts and the Hunter Pool. AZGFD Wildlife Managers have found that previous hunt strategies designed to manage some wildlife populations are not meeting objectives. When regular hunt seasons don't meet management objectives, conflicts between wildlife and other uses of the land can occur. Population management hunts are designed to allow the department to achieve supplemental harvests of wildlife when traditional harvest strategies have not met their objectives. Population management hunts will enhance the department's ability to meet population and habitat management objectives.

The following information is important to know if you are planning on applying for a population management hunt.

- Population management hunts may occur as necessary, under the provisions of R12-4-115 (see the current hunting and trapping regulation booklet for rule).
- The Population Management Seasons Commission Order 26 approved by the Commission designates the range of species, season dates, open areas, legal wildlife, lawful taking methods, and maximum tag numbers for population management hunts to be prescribed by the Director and implemented under R12-4-115.
- When a population management hunt is found to be necessary, as prescribed in R12-4-115, hunters will be selected from the hunter pool made up of hunter pool applicants (see application below).
- The hunter pool list will be purged by the department Dec. 31, 2007. You may apply at any time during the year (note: do not include the hunter pool hunt application form with a hunt permit-tag application—you must apply separately. See application below for instructions).
- To complete your application, you must designate the species of animal you desire to hunt and the weapon type(s). You must also submit a \$7.50 application fee (note: one \$7.50 application fee per application—not per species). Please do not send cash.
- You may designate more than one species and weapon type on the application form. If you choose to designate more than one species and weapon type on your hunter pool application, your name will be included in the hunter pool for each species and weapon type you designate. This means that you may be eligible to participate in a population management hunt for more than one species or method of take each year (note: annual bag limits apply to all population management hunts and may limit your ability to participate in a population management hunt or regular season hunt).
- If you participate in a population management hunt and fill your annual bag limit for that species, you may not participate in a regular hunting season for that species even if you are drawn through the normal draw process (note: A.R.S. 17-332.E. prohibits the issuing of a refund for the purchase of a license or a permit).
- If your application is selected during a random drawing for a population management hunt, the department will attempt to contact you three times by telephone within a 24-hour period. If you cannot be contacted within 24 hours, your application will be returned to the hunter pool for inclusion in future population management hunts during that year.
- If you are offered a restricted non-permit tag for a population management hunt, pursuant to R12-4-115, you may decline to participate. If you decline to participate, your application will be returned to the hunter pool for inclusion in future population management hunts during that year (note: if you agree to participate in a population management hunt but fail to purchase your tag within the timeframe designated when you are contacted, you will not be eligible for further population management hunts that year).
- If you elect to participate in a population management hunt, it is probable that you will be asked to arrive in the field to hunt within a few days of being contacted (note: purchase of restricted nonpermit-tag and applicable hunting license prior to hunting is required).
- Restricted non-permit tags issued through the hunter pool may be purchased through the department's Phoenix office. See the front of the hunting regulations booklet for the address and phone number.
- You will not gain or lose bonus points when you apply for, or participate in, a population management hunt.

Form may be photocopied.

**Do not include this form with a Hunt Permit-tag Application Form
(See R12-4-115 in the current hunting and trapping regulation booklet)**

Have you:

- Filled in all the blanks?
- Enclosed the \$7.50 application fee?
- Signed your application?
- Indicated your choice of species?
