**SPRING
1973**

President's Message

Thunderbird Graduate School continues to progress rapidly. A spring enrollment of 197 new students is the largest in the history of the School. The academic accomplishments of the new students are obviously superior to those of previous years. There is no question but what the School is moving to the forefront as one of the fine graduate schools in the United States and, of course, the only one still devoted entirely to education in international management. New faculty members added in February include Mr. Taeho Kim, who comes to us from the University of Colorado where he is completing his Ph.D. degree in economics. He is a Korean national who graduated from Kookmin College in Seoul, Korea, and was a research specialist with the Bank of Korea for several years. Also joining us in February is Mr. Andris Trapans, Assistant Professor of International Studies. Mr. Trapans has degrees from Stanford and Berkeley and is completing his doctorate in economics at Berkeley. His specialty is the Soviet Union and Eastern Europe.

The first Winterim semester in the School's history was completed during January. One hundred sixty students were enrolled in the one-month experimental courses. From all reports it was extremely successful. The students particularly enjoyed some of the innovative courses such as those in the World Business Department which used a computer for simulation and gaming.

During the fall I visited Saudi Arabia to give the commencement address at the new King Abdul Aziz University in Jeddah. My original association with the University was as a member of an international committee to evaluate the possibility of its establishment and to suggest curriculums, programs, and faculties. On the trip I met with alumni in Rome, Jeddah, Beirut, and Paris. It was a great thrill to visit with them and to see how well they are doing in multinational companies throughout Europe and the Middle East.

The School has started a five-year development plan which includes a drive for \$2,500,000. A good start has been made with a gift of 5,000 shares of Weyerhaeuser stock from Mrs. J. W. Kieckhefer, a member of the Board of Directors, and new academic Chair of International Business from Chase Manhattan Bank in New York which will amount to \$20,000 a year.

We hope the alumni will be able to help us in this drive as they always have in the past. We are operating in the black, but as I've told you before, living from year to year on student tuition is a precarious situation. It is necessary to build up funds so faculty salaries can be raised to an equitable level and the quarters you remember so well can be refurnished. Please help us if you can.

William Voris
President

THE NEW ENTRANCE

Through the generosity of our good friends, the Baron and Baroness von Wrangell of Scottsdale, Thunderbird now has an attractive and impressive entrance to the campus. (see cover photo).

It provides a two way curbed drive circling a planter-ramada type structure with an expanse of desert landscaping on either side. The old wooden sign which formerly welcomed you to Thunderbird has been replaced by a permanent concrete one complete with bronze lettering and topped by a modern version of the Thunderbird symbol. The latter was designed by Delbridge Honanie, a Hopi Indian of Second Mesa, Arizona.

The gate house and a portion of the white fence have been removed and additional parking space provided adjacent to Greenway Road.

The new entrance is not only a very attractive addition to the campus, but is a lasting tribute and memorial to the Baron and Baroness, who donated \$25,000 for the project.

THUNDERBIRD BOARD MEMBER DIES

Mr. Fred Bohlen, Chairman of the Board of Meredith Corporation, and a member of the School's Board of Directors, died on Saturday, February 17th at Good Samaritan Hospital in Phoenix.

Mr. Bohlen had been President and Chairman of the Meredith Board of Directors since 1929 and was the Company's chief executive for nearly 40 years. He was elected to the Thunderbird board in 1966.

He is survived by his wife, Mildred; a daughter, Mrs. Fred Pfeifer, and four grandchildren. Services were held at St. Augustin's Catholic Church in Des Moines.

RECIPIENTS OF GLENDALE C OF C AWARDS

Thunderbird received the outstanding community service award for 1972 at the annual Glendale Chamber of Commerce banquet.

The award was presented for the School's 26 years of service in the field of education. Executive Vice President Berger Erickson was also honored for his service to the School since 1946.

THE THUNDERBIRD (alumni publication of the Thunderbird Graduate School of International Management) is published in the Fall, Spring and Summer of each year.

EDITOR: Martha L. Snyder

ARCMO PRESIDENT DELIVERS COMMENCEMENT ADDRESS

Mr. William S. Rose, President, Armco Steel Corporation, Industrial Division, delivered the commencement address to the December 22, 1972, graduating class. His address, for the most part, was devoted to the outstanding success and rapid rise of Thunderbird graduates who have joined his Company, and who are now assigned to executive positions with Armco throughout the world.

Mr. Rose is a graduate of Cornell University and joined Armco as a sales trainee at division headquarters in Middletown, Ohio. His first overseas assignment came in 1951 when he was assigned to Armco-Paris as assistant to the president of the organization. A year later he was transferred to Italy as assistant general manager of division activities, and was named general manager of Armco-Genoa in 1957. In 1962, he became president and general manager of Armco-Paris.

He returned to the States in 1967 as assistant to the President of Armco, with responsibility for long-range planning. In 1968, he was made assistant Managing Director of the International Division, and was elected to a vice presidency in 1970. He became President of the International Division in 1971.

Present at the commencement exercises were members of the Thunderbird Board of Directors. Mr. James Patrick was presented as the new Chairman of the Board, replacing Mr. Frank Snell, who gave up the Chairmanship last Fall.

One of the highlights of the exercise was the presentation of an Honorary Doctor of Laws degree to Mr. Snell in recognition of his many years of service and devotion to Thunderbird.

Donald Louis Swihart of Williamston, North Carolina, was the recipient of the Barton Kyle Yount Award for scholarship, character, desire and potential ability to serve the American free enterprise system abroad.

The Phoenix Newspapers' Advertising Award was given to the team introducing "Leggs in Mexico" at the Fall advertising competitions. The Athletic Award was received by David S. Jaworski, and the Marketing Club Award was won by Steven R. Kroos and R. Hart Miller.

President William Voris announced that at the suggestion of the Associated Students Legislative Council the West Apartment Lounge has been named in honor of Nort Sobo, Thunderbird Professor of Advertising, 1965-1972, and an appropriate plaque in his honor placed in the Lounge.

FEAGLES '51 ELECTED TO THUNDERBIRD BOARD

ROBERT WEST FEAGLES of Chappaqua, New York, was elected to the Thunderbird Board of Directors at the semi-annual meeting on March 13th.

He received a BS in Mechanical Engineering in 1943 from Georgia Institute of Technology, a BFT from Thunderbird in 1951, and a Certificate from the Stonier Graduate School of Banking, Rutgers University, in 1958.

He served with the U.S. Army during World War II and retired as Captain after two years in the China-Burma-India Theater.

He served with the U.S. Army during World War II and retired as Captain after two years in the China-Burma-India Theater.

Bob joined the Overseas Division of the First National City Bank of New York in 1951 and was assigned to the Puerto Rican Branch System. In 1954, he was appointed a Lending Officer, and from 1957 to 1963 was a part of the Overseas Division Personnel Group. In 1964, he was named a Senior Officer for Bank-wide Personnel Relations.

He is a member of the following organizations: Board of Directors, International Executive Service Corps; Personnel Round Table, American Management Associations; Executive Committee Personnel Division, The American Bankers Association; Administrative Committee Government Relations Council, American Bankers Association and The Business Roundtable.

He is also a member of The University Club, Mount Kisco Country Club, Camp Fire Club, and a Trustee of the First Presbyterian Church of Mount Kisco, New York.

He is married to the former Anita MacRae, has four children, and is a resident of Chappaqua, New York.

WELCH RECEIVES KNIGHT AWARD

Alan Parl Welch, a native of Tarzana, California, received the December 1972 Alfred Knight Scholarship Award for excellence in scholastic accomplishment.

He has accepted a position as market analyst in the Export Division of Republic Steel Corporation and will train at the Cleveland, Ohio, headquarters.

He is a graduate of the University of California at Santa Barbara, and the son of Dr. and Mrs. E. Parl Welch of Tarzana, California.

THUNDERBIRD PRESIDENT DELIVERS COMMENCEMENT ADDRESS IN JEDDAH

In November, President Voris journeyed to Saudi Arabia to deliver the commencement address to the first class graduating from Abdulaziz University in Jeddah. It was a warm and friendly reception for Dr. Voris who had served as advisor both to the government when the school was formed, and to several of the present deans and faculty when they pursued their graduate studies at the University of Arizona.

In the audience were representatives from many governments of the world, including Senator William Fulbright from the United States.

Mrs. Voris and their son, Michael, accompanied Dr. Voris as far as Rome, then rejoined him in Paris for the flight home. "The trip was a fun adventure," relates Mrs. Voris, "constantly on the brink of calamity. Late planes, lost luggage and three days with a broken zipper on my one and only suit before the suitcases arrived during a porter's strike. Bill delivered his speech donned in the sport coat and slacks that he slept in while flying the Atlantic, while Mike and I lugged his bulky doctoral robe and formal clothes to Venice, Munich and Paris. In Verona, we boarded the crackerjack Trans European Express that arrived two and a half hours late, settled down in our reserved seats, and contemplated the changing scenery—other trains going by. Our car wasn't attached to the engine. This was the first time I had traveled without Bill to handle the details and complications, so I feel properly proud that we survived." Michael and Mrs. Voris enjoyed the hospitality of Thunderbirds MARK and LOIS ANTINUCCI '54 while in Rome and the entire Voris family had a most pleasurable evening with the Paris Alumni. The Voris' recollect that MITCH and JUDI SUMMERS '64 of St. Cloud, France, were on their way to a "God-father" party with a REAL Horse's head stowed in their auto, and are still wondering if they won a prize before the judges fainted.

STICKLAND APPOINTED CONTROLLER

C. Lee Stickland has been named Controller at Thunderbird, replacing Richard Rochford who joined the School in 1963.

Lee came to Thunderbird in 1968 as senior accountant. He began his career as a teacher at Whittier Junior High School, Sioux Falls, South Dakota. He was later associated with General G.M.C. Truck Sales and the Comstock Steel Company.

He is a graduate of Northern State College in Aberdeen, South Dakota, where he majored in business administration.

Dick Rochford left Thunderbird to enter private practice as a C.P.A.

THE THUNDERBIRD PROGRAM - WHAT IS IT?

As you realize, numerous changes have been made during the past two years in our continuing effort to improve the program. We are receiving many inquiries from alumni, especially those involved in our world-wide campus recruiting campaign, seeking an explanation of our current activities. So, in order to bring all of you up to date, and to put you in a better position to counsel prospective students, we have prepared the following reference outline.

PROGRAM OF STUDY

M.I.M. Degree The only degree program offered at the School is that leading to the Master of International Management degree, requiring at least 48 credit hours of work. This takes three semesters in residence. The three semesters can be completed in one year by those students who use the summer session as one term of residence. Otherwise, it takes one and one-half years. Students can enroll in the spring semester, the summer session, or the fall semester.

Wives Certificate Program: Women, whose husbands are full-time students at the School, may register for nine hours of course work at a tuition cost of \$200 per term. Wives may take the same courses in languages and international studies as their husbands, or may choose different courses. In special cases, wives may enroll in courses within the Department of World Business. Successful completion of 18 credit hours of work with a grade of C or better in each course qualified the wife to receive the Thunderbird Wives Certificate.

Key Man Course: This is a non-degree program aimed at meeting the special needs of individuals and their families for doing business and living overseas. The six-week Key Man Courses include 27½ hours a week of language instruction (French, German, Spanish, Portuguese), plus two hours a week of international studies lectures. There are also eight-week courses in Japanese and English as a Second Language.

DISTRIBUTION REQUIREMENTS FOR THE M.I.M. DEGREE PROGRAM

International Studies Courses: All entering students are required to take nine credit hours of work in International Studies. They are to take at least one introductory survey course (300 level) in a major world area or in international relations, and at least one 400 level course. Those students who have already developed proficiency in one or more fields covered by the International Studies curriculum may petition for a partial waiver of the requirements. All students must take at least three credit hours in the Department, regardless of background.

Modern Language Courses: A requirement of the Thunderbird curriculum is that all students are expected to achieve conversational proficiency—as well as reading ability—in one of the six languages (including English) taught at the School, in addition to their native language. For this reason, fifteen credit hours of course work are required of all students. This requirement may be waived in part or in whole upon examination by the Department of Modern Languages to determine the level of the student's proficiency which he may have obtained prior to his admission to Thunderbird.

World Business Courses: All entering students are required to complete WB-310 (Accounting), WB-320 (Economic Theory), WB-330 (Operations Analysis), WB-340 (Management), and WB-350 (Marketing). They are also required to take the Capstone Course in the last semester. This course incorporates general knowledge acquired throughout the full course of study at Thunderbird, in the form of an international project study. Waivers may be granted on the basis of prior training in these subjects.

Summary: To summarize, therefore, the following courses are mandatory for students who do not have previous training in these respective subjects:

INTERNATIONAL STUDIES:

One 300 level course and two additional courses, at least one of which is at the 400 level, covering one of the following: Asia, Europe, Latin America, Middle East/North Africa, Subsaharan Africa, or International Relations totaling..... 9 hours

MODERN LANGUAGES:

Introductory, Intermediate, Advanced courses in: French, German, Japanese, Portuguese, Spanish or English as a Second Language, totaling 15 hours (16 hours in the case of Japanese)

WORLD BUSINESS:

One 300 level course in each of the following Accounting, Management, Marketing, Micro-Macro Economics, Operations Analysis; also, in interdepartmental capstone course in the final semester, totaling 15 hours
Elective Courses 9 hours

TOTAL CREDIT HOURS REQUIRED STUDY..... 48 hours

If any of the above prerequisites have been met prior to attendance at Thunderbird, they may be waived with the approval of the Department Chairman in question, so that more advanced work can be taken. A total of 48 credit hours of study is still required.

AMA CELEBRATES 50th ANNIVERSARY

On January 24th, a tribute to the American Management Associations, by the Newcomen Society in North America marked the commencement of the year-long celebration of AMA's 50th Anniversary.

The tribute was a Newcomen National Dinner at which AMA Chairman of the Board Lawrence A. Appley and President James L. Hayes were guests of honor, and the event attracted nationwide press coverage. The black-tie affair, was held in the Grand Ballroom of the Hotel Pierre in New York.

The Newcomen Society of North America, which is also celebrating its 50th Anniversary this year, is affiliated with the Newcomen Society for the Study of the History of Engineering and Technology, headquartered in London.

Throughout this anniversary year, AMA will have a special exhibit on its past, present, and future on the eighth floor of its New York headquarters building.

EXCHANGE PROGRAM IN FULL SWING

As part of Thunderbird's faculty and student exchange program with Sung Kyun Kwan University in Seoul, Korea, Dr. Martin Sours of the International Studies department is spending the Spring Semester at Sung Kyun Kwan.

Dr. Sours, who joined Thunderbird in 1971, is a graduate of the University of California at Berkeley and received his M.A. and Ph.D. degrees from the University of Washington. He has been associated with the Agency for International Development with various assignments in Vietnam.

The exchange program, which began last fall, allows for the exchange of three students each semester and the exchange of professors on an alternating semester basis.

Thunderbird students attending Sung Kyun Kwan University this spring are: Michael Thieme from Greenville, Ohio; Edwin DeBus from Los Angeles, California; and Arthur Huptich from Rutherford, New Jersey. Students from Sung Kyun Kwan University attending Thunderbird are Han-Soo Kim, Il Hyun Sohn, and Jae Suh Lee.

COLLEGE RELATIONS OFFICER ATTENDS CONFERENCE

John Arthur, Thunderbird's College Relations Officer, attended the Conference of the Western College Placement Association in Honolulu the week of January 15. The trip was a very beneficial one for the long-range interests of the School.

John received a very cordial reception and many of those attending the Conference expressed enthusiastic admiration for the Thunderbird program and were surprised that little TGSIM would send a representative.

Remarks were frequently made with reference to — "how Thunderbird had blossomed over the past five years" or "what a prominent position the School has taken in management training."

The conference was of particular value to John since he met many college officers who had previously assisted him in Thunderbird's campus recruiting efforts.

NEW ADDRESS FOR THE CAMPBELLS

Knowing that many of our alumni keep in touch with DAVE CAMPBELL, former Thunderbird professor who retired two years ago, we report that Dave and Verna have a new address. They are happily situated at The Beautitudes, 1650 West Glendale Avenue, Apartment 49, Phoenix 85021, and would love to hear from their Thunderbird friends.

Dave has been a partial invalid for the past year and his wife, Verna, is recovering from a recent hip operation.

In Memoriam

BILL POWELL DIES IN TOKYO

WILLIAM POWELL '57, Vice President of the National Bank of Detroit in Tokyo, died on October 15th, 1972, of a cerebral hemorrhage.

Bill became a resident of Japan in 1957 as an employee of the First National City Bank, and subsequently

worked in several of the Bank's Japanese offices, as well as in Hong Kong and Taiwan. In the middle sixties he briefly established his own business in Taipei and was later employed by the Boston Consulting Group in Tokyo.

He joined the National Bank of Detroit in November 1970 as Assistant Vice President and Far East Representative, and officially opened the Far East Representative Office in June 1971. In No-

vember 1971, he was promoted to Vice President. His responsibilities included coverage and development of the Bank's relationships in Japan, South Korea, Hong Kong, Taiwan, the Philippines, Indonesia, Singapore and other Asian countries.

Mr. Richard L. Ashworth, Far East Representative of the Bank, states in a recent letter: "We greatly miss Bill, but we move confidently forward from the sound base he was so instrumental in developing in a very short time."

Bill is survived by his wife, Junko, and a four-year-old daughter, of 1-7-25 Minami Azabu, Minato-ku, Tokyo; his mother, Mrs. Helen Powell, of 3154 D Street, Philadelphia, Pennsylvania 19134, and a brother, Father Peter Powell, of 919 West Belden, Chicago 60614.

DEATH OF WARREN WESTLAND

WARREN WESTLAND, Class of June 1952, died on December 14, 1972, at the Bangkok Sanitarium and Hospital where he had been confined for several weeks for a liver ailment.

At the time of his death he was the Vice President and Director of Rolibec

(insurance brokers and consultants) with regional duties in various Asian countries. He had been with Rolibec since 1960 with assignments in both Thailand and Japan.

Services were held at Christ Church in Bangkok followed by a memorial service and interment at Fort Snelling, Minnesota.

He is survived by his wife, Fumiko, a son Gregg, and a daughter, Gloria, who will reside at 1804 North Tejon, Colorado Springs, Colorado 80903.

SUFFERS FATAL HEART ATTACK WHILE JOGGING

DONALD A. KEPPEY '68, Accounting Manager for Syntex in Palo Alto, California, died on November 14th, 1972, from an apparent heart attack while jogging in the Mt. View Recreation Center.

His body was found at 7:02 a.m. by a woman who was walking her dog and he was pronounced dead on arrival at El Camino Hospital in Mountain View.

Identification was not made until the following day.

A member of the Class of January 1968, he had been employed by Syntex for the past two years and was previously a senior auditor with Arthur Andersen & Company in New York City.

ASSOCIATION NEWS

JEDDAH ALUMNI HOST VORIS

DAN AND DIANE LOWERY '68 entertained President Voris during his Asia-European tour at their home in Jeddah. (Left to right) Charles Carter '62, Manager, Market Research-Saudia Arabian Airlines; Nadia Carter; President Voris; Dan Lowery '68 of First National City Bank; Beau Walker '68, Middle East Sales Supervisor-Eastman Kodak, of Beirut, Lebanon; and Diane Lowery. The Lowerys have since been assigned to the Philippines.

DINNER IN BEIRUT

President Voris enjoyed a pleasant dinner hour in Beirut with Bob Kidney '60, General Manager-Eastman Kodak, his wife, and Mary Cuffe Walker '68 (Mrs. Beau). Beau was in Jeddah at the time.

MEXICAN POSADA

Although we have had no word from the MEXICO CITY Thunderbirds we learned through a newspaper clipping that a Thunderbird-Mexican Posada was held on Tuesday, December 19 at Le Chateau Restaurant. Chapter President DICK LORDEN was in charge of arrangements and perhaps we will have more on this for the next issue of THE THUNDERBIRD.

LUNCHEON IN GUAM

Five Guam Thunderbirds and four University of Guam administrators attended the January 3rd luncheon held at the Crows Nest in Agana. Arrangements were made by Dr. KIETH BINFORD '57, Dean of the College of Business and Applied Technology, University of Guam.

College officials attending were Kieth, Dr. Larry Kasperbauer, Dean; Dr. Edwin Carey, Associate Dean; and W. C. Garrett, Associate Dean.

Attending were Thunderbirds Kieth and Anne Binford '57; Dr. William Slemmons '48, Dental Consultant for the Department of Public Health & Social Services; Roy Johnson '56, Assistant Manager for the Bank of Hawaii in Agana; and Ron McKerahan '69, Division Manager, Guam and U.S. Trust Territory Islands for R. J. Reynolds Industries.

Kieth reports that the Thunderbirds present did an excellent job of describing the role and mission of the School.

HAWAII GROUP ENTERTAIN ARTHUR

JOHN and NANCY BUTLER'S beautiful home in Honolulu was the setting for the January 14 cocktail party in honor of JOHN ARTHUR '57, Thunderbird's College Relations Officer, who was in the area to attend a conference of the Western College Placement Association. Present at the affair were the HAL FANNINGS '59, the LOU TASCOTTS '59, DAVE and MARY LITTLE '67, the GEORGE KELLERMANS '68, RUTH FELLERS '57 (and a guest), RON LARSON '67 (and a friend), AARON YUNG '71 and FRANK WADELIGH '49.

This was the first meeting of the Hawaiian Thunderbirds since President Voris visited the Islands on his way to Korea in the Fall of 1971.

SAIGON THUNDERBIRDS ENTERTAINED

RECENT GATHERING of the Vietnam T'birds at the home of BILL and CATHY FUNK in Saigon: (front row—left to right) PETER STILLEY '70, BILL FUNK '71, BOB STIMSON '71, JIM COLE '70; (top row—left to right) JOHN WHITE '68, DUFFY DAUGENBAUGH '70, JOHN HENSON '48, BILL MATTISON '68, JUD KINNE '71, and BOB DE WOLFE '71.

NIEMANN'S ENTERTAIN ECUADOR THUNDERBIRDS

On December 6th the CHUCK NIEMANN'S '62 entertained a small group of ECUADOR Thunderbirds in their Quito home. Present were the JOHN McLEODS '67, the DICK REDDERS '58, AUDLEY HOLM MILTON '50, and her husband LEE, who is an Embassy doctor, and the host and hostess. One of the Neimann's servants served as photographer but, unfortunately, the pictures were too blurred for reproduction.

EUROPEAN ALUMNI GREET PRESIDENT

EUROPEAN THUNDERBIRDS ENTHUSIASTICALLY GREETED President Voris and his family at the Paris meeting. Shown above (left to right) — Ross Quan '69 of the U.S. Trade Center; Ben Amraoui '68 of Western Union International, and his fiancée; Lo Locher '69 of Bendix Corporation and guest; President Voris and (?).

NEW YORK GROUP FETES ERICKSON

On very short notice, Florence Mervis '47 managed to round up a sizeable group of New York area Thunderbirds to properly fete Thunderbird's Executive Vice President Berger Erickson when he was in New York in November to attend the National Foreign Trade Convention. The party was held at the Federation of Jewish Philanthropies' New York Headquarters with some 60 alumni and guests present.

FLO MERVIS '47, Gary Langstaff '71 and Toby Madison '52 at New York Party.

BELGIUM T'BIRDS CELEBRATE MINUS HONORED GUEST

The January 6th meeting of the BELGIUM alumni, planned in honor of the visit of Thunderbird Professor Robert Dequenne, was held in true T'bird fashion in spite of the fact that the honored guest did not arrive.

Unfortunately, the notification of the meeting arrived after the Professor left campus for his European trip and we had no way of reaching him. It was particularly disturbing for Dequenne since he sat in his hotel room in Brussels while the party was in full swing a few miles away.

We offer our apologies, and our thanks to Brian Reilly and his committee for their efforts in our behalf.

LOS ANGELES TELEFUND DRIVE

Although it is too early to have the final results of the LOS ANGELES TELEFUND DRIVE we are happy to report that the contributions keep drifting in and hopefully we will have a final figure for the next issue of the THUNDERBIRD NEWS.

We wish to thank Jim Bonnar and his co-chairmen for their time and efforts in our behalf.

HELEN BALLAM STILL A WINNER

Although better known for her golfing skills in the Foster City, California area, HELEN BALLAM '52 exhibits her tennis trophies won in tournaments from California to South America. She has been a finalist in more than sixty tournaments, and her trophies date back to 1939 when she was a finalist in her home town of La Jolla. Her most recent was won in 1972 at the Circus Club in Menlo Park. Her biggest wins were in South America where the Ballams lived for twelve years, and in Hawaii where they spent five years prior to returning to the States.

In Venezuela, she was National Women's Champion twice, and also won six national championships, in mixed doubles twice and in women's doubles four times—each time with a different partner. In Hawaii, she won the State mixed doubles and women's doubles title just prior to moving to California. Helen says that while she is not exactly a candidate for Forest Hills and Wimbledon she had had a lot of fun playing in state and local tournaments over the years.

TED and HELEN were the first couple to purchase one of the new West Shore homes in Foster City, and they are delighted to return to waterfront living. Their daughter, Susan, and five-year-old son recently spent three weeks with them while her husband was studying for his specialty board exams in neurosurgery.

Ted is Western Region Area Sales Manager for General Foods Company, based in San Leandro, California.

NEW YORK PARTY with Berger Erickson, guest of honor, at the head of table.

THUNDERBIRD TODAY

Alumni and former staff and faculty members who have not visited campus in the past year or two remember Thunderbird as 160 acres nestled amid lush farm land, fields of cotton, melon patches and vegetable gardens with very few farm homes within a radius of two or three miles.

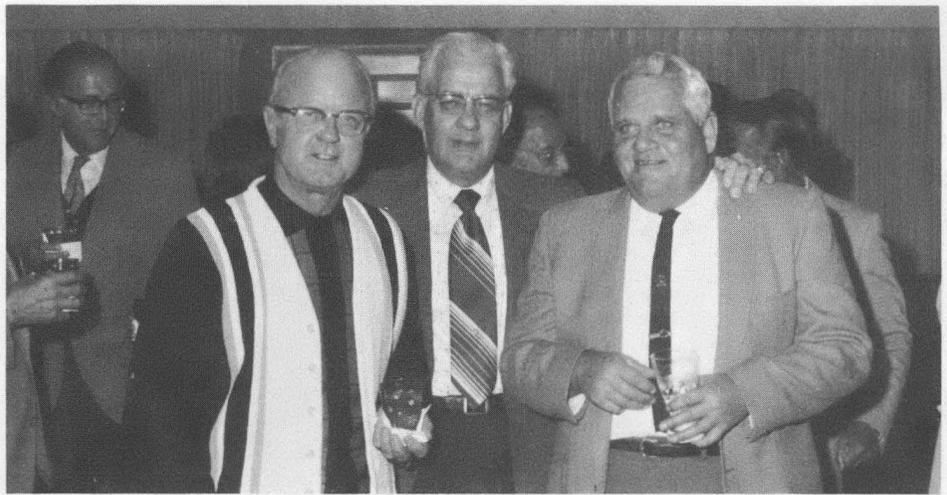

Today the campus is being surrounded by housing developments — to the north and east, on either side of Greenway Road and 59th Avenue (the oldsters remember it as Lateral 18). The general store across from the campus entrance which has served the needs of a generation of students, is being replaced by a convenience type market. On the corner of 59th Avenue and Thunderbird Road you will find a Serve-Yourself Gas Station. Soon there will be a Circle K market just south on 59th, and a couple miles farther is the beautiful and ultra modern Glendale Community College.

The Barn (1 mile west of 59th on Bell Road), featuring sizzling steaks, western music and dancing, will soon be available to students who like an evening of off-campus entertainment.

It is no longer necessary to make the long trek to Phoenix for shopping needs since there are a number of shopping centers within 3 to 5 miles of campus.

A LAST GOODBYE and a toast to the future success of Dick Rochford (left), former Thunderbird Bursar who left at the end of the year to establish his own accounting business in Glendale, (right) Lee Stickland, who was appointed the School's Controller on January 1st.

THUNDERBIRD'S SENIOR STAFF MEMBERS — Professor Paul Wilson, Executive Vice President Berger Erickson, and Professor Larry Finney, socialize at Paul Wilson's 25th Anniversary Party.

TORA, THE THUNDERBIRD MASCOT

She is just a plain alley cat, but she rules the roost at Thunderbird! Tora, an expectant mother at the time, showed up on campus a couple of years ago and immediately adopted the Administration Building as her home. After she delivered a batch of kittens in the closet of the Public Affairs Office, Thunderbird personnel took up a collection to assure that she would have no more blessed events.

In addition to being the Thunderbird mascot, Tora, rated a five-column photo in a Sunday issue of the ARIZONA REPUBLIC. She also has the distinction of being the only animal to contribute to the Alumni Fund. Her donation of \$20 was courtesy of the front office personnel.

DINNER AT KWANS CHINESE RESTAURANT in Scottsdale — (left to right) Youngho Chin '72; Martha Snyder, Editor THUNDERBIRD NEWS; Dean Do-young Chung, exchange professor from the Graduate School of Foreign Trade of Sung Kyun Kwan University; and Sei-Jong Chung, first semester student.

THUNDERBIRD'S FAMOUS LANDMARKS — the old gate house and gate have been torn down to make way for the new entrance to campus.

FROM BOGOTA TO ABU DHABI BY STAGGERWING BEECHCRAFT

When BOB ELLIS '49 received word of his First National City Bank transfer from Bogota to Abu Dhabi, he wound up his 1942 Swaggerwing Beechcraft and embarked on a solo flight that took him more than a third of the way around the world.

Following a Staggerwing Reunion at the Beech factory in mid-June, he wended his way eastward on the heels of Hurricane Agnes, and on July 9 departed from Holton, Maine for Goose Bay, Labrador. There he became acquainted with Mrs. Marion Hart, an 80-year-old aviatrix, who was there in her Beechcraft. She, too, was flying solo and the next day she took off on a non-stop trip to Iceland and Bob departed for Narssarsuaq, Greenland.

"Entering into Narssarsuaq was rather hairy, as there was a nearly solid overcast at 400 feet, and visibility dropped to two miles, in rain. Happily, I found a small hole to drop down through and made my way slowly and cautiously up the fjord at 300 feet until I found the runway in the near freezing rain. Next day, better weather and on to Iceland where I met Mrs. Hart again. I stayed there 3 days while the weather improved, and then on to Shannon (overnight) and on to Gatwick and London. After a weekend visit back to my old WW II USAF Base, which was virtually all returned to farmland, I met Bill Adams who had previously been my RVP in Colombia. He is there now as Managing Director of Operations for FNCB's affiliate, National and Grindleys Bank. Also got together with HARRY WAIT and wife LUCY '58, former colleague and ex-manager of FNCB Medellin, now a top officer for Crocker Citizens in London.

"After six days in the UK, on to Bilbao and Jerez, Spain, where I spent a week with very good friends from Puerto Rico, and we toured Southern Spain. From there to Barcelona and on the same day to Geneva. After a routine check, oil change, etc., went by train to Lucerne where I spent a very delightful week with my former AIFT roommate BERNHARD EDGAR '49, his wife, and daughter. I enclose snapshots taken at their home and at the airport in Neuchatel when they took me to go on to Florence, Bernhard and his family have a beautiful home furnished with exquisite antiques, with a spectacular view overlooking Lake Lucerne. We took a day's trip on the lake in their spacious yacht, visiting the William Tell shrine, etc. We also took a trip by car up through the Alps, visiting the Rhone glacier, and doing part of the trip with the car going piggy-back with us in it through the Alps by train. It was great to get together since our last visit was a long weekend holiday when I joined them in Curacao in 1966.

"Before going on to Florence, I returned to Geneva and had a most pleasant reunion (after some 15 years without seeing each other), with my other AIFT roommate, TED HARPAM '49, his wife and children. Ted has just recently resigned from FNCB (He has been VP in Geneva for some years), and at that time had not definitely made up his mind about his next employment. It was like old home week for Thunderbird a la 1949.

"After two days in Florence (cut short there and in Athens due to delays with the plane in Neuchatel), on to Athens, where I found Mrs. Hart's plane parked at the terminal. I left her a note, inviting her to Abu Dhabi on her way to India. Then, visited the Bank branch and a former inspector there who had been at my branch in Barranquilla, and did a quick "Cook's" tour of the Acropolis, then on to Istanbul. Spent two days there seeing the Topkapi Museum, Blue Mosque, St. Sophia, etc. Four days later I landed in the mushrooming capital of Teheran with jet fighters and airliners crowding the traffic pattern constantly. I had developed magneto trouble half way from Ankara to Tabriz, but was unable to get it checked in Teheran; however, it ground checked out OK, so I kept on flying.

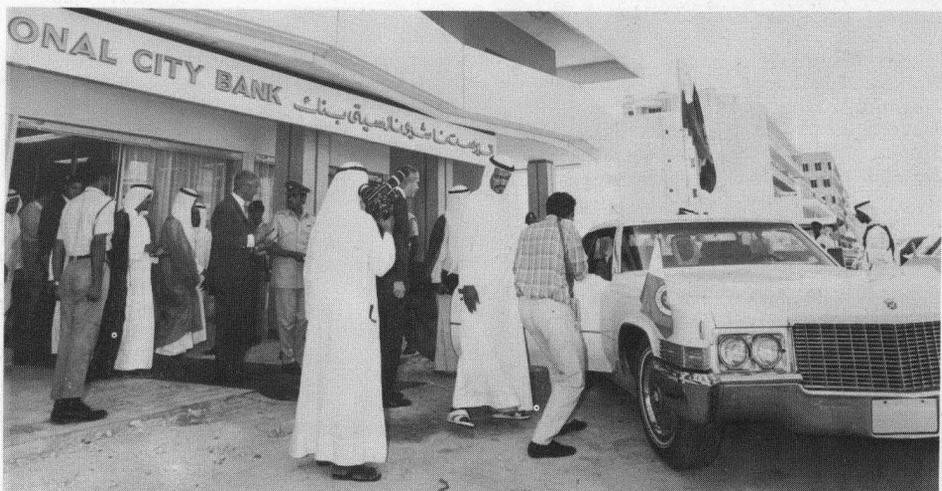

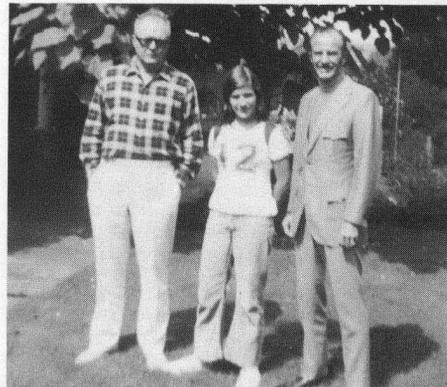

"The Turkish mountains had looked a bit formidable, but they were nothing compared to those of Iran that I had to go over to get to the Arabian Gulf. The magneto behaved fine until I had just crossed them, but since the other one was doing well I flew on to Bahrain Islands to meet my area Vice President.

"On August 26, I arrived at my new home, and was pleasantly surprised. I had been misinformed that it had a population of about 10,000. It is over 50,000 and a modern city that is popping up out of the desert like the proverbial oil gushers! My arrival at Bahrain was really breath-taking, about 115 degrees F. and 99% humidity. I was soaked from head to toe in my own sweat and could hardly breathe the air. Happily, it is a bit cooler in Abu Dhabi (105 degrees F) and the humidity was only around 94%. It is now much nicer with low and high daily temperatures of 75° to 91° and the humidity around 90%, and daily getting better.

"My furniture arrived OK from Colombia, have my house well set up, including a fine cook and a houseboy. Last week had a special luncheon in honor of the visit of Mrs. Hart, with the U.S. Charge d'Affaires and his wife, the Director of Civil Aviation, and a member of the Abu Dhabi Air Wing and his fiancée. Mrs. Hart left for Muscat on her

81st birthday! Having made this long trip, and also found it a bit grueling and occasionally difficult, one has to admire her spirit and abilities to take on so much at her age and do it all solo.

"Yesterday the mail erroneously brought me a letter from the Bank of America addressed to T. MARVIN HANCOCK '70, who is the Regional General Manager for their new Middle East Affiliate (Bank of Credit and Commerce International, S.A.). He just arrived two weeks ago and it was quite a coincidence for he had been in Colombia with the Peace Corps, in my areas and branches, when I was there! The world is small if you own a Beechcraft (even if it is a 40-year old design and a 30-year old model). Perhaps it is even smaller when you are a Thunderbird and find a classmate in a place that is still pretty much off the beaten path.

INAUGURATION of the First National City Bank Branch in Abu Dhabi. Seated in the rear seat of the limousine is His Highness Shaikha Shalifa, Crown Prince of Abu Dhabi and Prime Minister.

THUNDERBIRD ESTABLISHES CENTURY CLUB AND HONOR ROLL

The **HONOR ROLL** is our way of saying **THANK YOU** to those alumni who have so generously contributed to the various fund drives (Dining Hall Renovation Project, Los Angeles TELEFUND and Scholarship Fund) during the current fiscal year (July 1, 1972 through March 1, 1973). To give added recognition to those who have donated \$100 or more during the given period we have established the **THUNDERBIRD CENTURY CLUB**. Beginning with this issue the Honor Roll and Century Club will be a prominent part of our alumni publication.

TOTAL CONTRIBUTIONS: \$9,619.79 PERIOD: 7/1/72 - 3/1/73

A gift to the Alumni Fund is an indication not only of your pride and confidence in Thunderbird, but your desire to be a part of its future growth and success. Again, we thank those who are listed on the Century Club Roster and on the Honor Roll of Contributors, and we hope that the list of donors and total contributions will double in size by the time the next issue of the alumni publication goes to press.

LET US ALL JOIN TOGETHER AND MAKE 1973 THE BIGGEST YEAR IN THE HISTORY OF THE THUNDERBIRD ALUMNI FUND. If your company has a Gift Matching Program please remember to include the completed gift matching form with your contribution.

GENERAL CONTRIBUTIONS INCREASE

The following companies and individuals have made substantial contributions to Thunderbird's general fund since the beginning of the 1972-73 fiscal year:

AFIA Worldwide Insurance, American Airlines, Arizona Public Service, Armco International, Camelback Inn, Cargill Foundation, Carnation Company, Chase Manhattan Bank Foundation, Chrysler Corporation Fund, The Clayton Fund, Colgate-Palmolive Company, Combined Communications Corp., Continental Grain Company, Cynamid International, Dun & Bradstreet International, Eastman Kodak Company, Mrs. Laurence B. Emmons, First National City Bank, Mr. Edwin J. Foltz, Campbell Soup Company, Ford Meter Box Company, Fuller Foundation, Gainey Foundation, General Tire International Company, Johnson's Wax Fund, Mrs. Thelma Kieckhefer, Marine Midland Bank, Mellon National Bank & Trust Company, Masco Corporation, McConnell Foundation, Northern Trust Company, Olin Corporation, Mr. Edward V. O'Malley, Mr. John C. Pritzlaff, Ramada Inns, Sears Roebuck & Company, Snell & Wilmer, Tozer Foundation, Inc., Valley National Bank, Wilbur-Ellis, Young & Rubicam.

EDITORS VISIT CAMPUS

On November 8, 9 and 10, Thunderbird hosted editors from various national publications. Their visit was arranged by PRR International, the School's public relations counsel.

The guest list included representatives from Nation's Business, Export, and Financial Executives.

A second team of editors visited campus the first week of March and represented Industry Week, Sales Management, World Petroleum, New York Post, Financial Executive, Export, Newsfront, United Press International, and Chemical & Engineering News.

During their stay the editors visited with students, faculty and staff, and attended various classes.

THUNDERBIRD EXPERIMENTS WITH WINTERIM SESSION

One hundred forty-seven students participated in Thunderbird's first winterim session in January.

Courses were offered in all three departments, Modern Languages, International Studies and World Business. The courses were intensive with classes being held four days each week, each subject requiring two 75 minute periods a day. In addition to the regular courses, many students used the winterim for special research projects in marketing and finance.

The winterim is part of the new 4-1-4 semester system, which Thunderbird adopted this academic year. The system consists of two four month semesters separated by a one month winterim. Thunderbird is one of several private colleges in the country experimenting with the short, intensive one month winter semester.

Simulation games utilizing computers are used for Economics, Management Decision, Marketing and Accounting courses in the World Business Department. For example, the simulation game in Management Decision uses the computer to simulate a small industry in which there are a few companies manufacturing and selling a single product. Students are organized into teams which operate their hypothetical companies in competition with each other.

Dr. John Drake, Chairman of the World Business Department, plans to make the simulation game courses a permanent part of the curriculum. He feels that computers will become a necessary tool for the executive of the future. These new courses will teach Thunderbird students how to use the computer effectively as an aid in making sound business decisions.

AMA SPONSORS OPERATION ENTERPRISE

An open forum, designed to acquaint educators with new concepts in business management and explore solutions to administrative problems, was sponsored by the American Management Associations at Thunderbird from January 7-19.

The program is part of AMA's "Operation Enterprise" program and is the counterpart of a simultaneous conference for college students that was conducted at Eckerd College, St. Petersburg, Florida, on January 3-26. Faculty from 16 colleges and universities attended the 13-day educator conference being taught by leading business executives, Thunderbird faculty members and AMA representatives.

Schools with faculty who attended the special conference are: Memphis State University, New Mexico State University, Texas Technological College, University of Puget Sound, University of the Pacific, University of Kansas, Southern Illinois University, Utah State University, Cleveland State University, Tulane University, University of Illinois, Depauw University, Arizona State University, Westmont College, Boston College and Dickinson College.

CARRILLO NAMED TO EDUCATION COMMITTEE OF ARIZONA-MEXICO COMMISSION

Dr. Bert Carrillo '62, Associate Professor of Spanish, has been named a member of the Education Committee of the Governor's Arizona-Mexico Commission. The Commission, formerly known as the Arizona-Mexico West Coast Trade Commission, was originally oriented toward trade and commerce, but has now expanded into the areas of public health, education, agriculture and livestock, tourism, art and culture and banking and finance.

Dr. Carrillo's appointment will extend through 1973.

THUNDERBIRDS AID EARTHQUAKE VICTIMS

A high degree of coordination was reached by relief agencies working in the Nicaragua earthquake disaster area. Principal among these agencies was Catholic Relief Services which immediately set up numerous relief centers outside Managua. Heading the Nicaragua CRS was STEVE OTTO, a 1966 graduate of Thunderbird, CRS representative for Nicaragua.

Steve visited campus a couple of weeks before the earthquake on the first lap of his home leave, and was recalled to the area to assist in relief efforts. He was joined by CRS representatives from Honduras, Costa Rica and El Salvador.

CRS delivered over nine million pounds of food to Nicaragua, much of it transhipped from nearby Latin American countries. About 360,000 pounds of clothing arrived from CRS centers in Brooklyn, New York, and El Salvador; also 1,000 cartons of survival biscuits, 1,000,000 water purification tablets and 200 first-aid kits.

OLLIE JAKOB '70 of the 529th Military Intelligence Unit at Fort Hood, Texas, served with the 21st Evacuation Hospital for two weeks. He was attached to the hospital as a Spanish interpreter/translator, and worked in the emergency rooms interpreting for American doctors.

"The things I saw, the damage, and the random destruction was unbelievable. I really felt sorry for them and was sure glad I had an opportunity to be there and help in any little way possible," comments Ollie. "The people were down but not out. It was tough leaving on such short notice the day before Christmas, but it was worth it. I was proud to be there and proud of the Army. All America should be proud of the outstanding job the Army did to help. Nicaraguans were sure proud of us and appreciated all our help."

WITCHER NAMED PRESIDENT

DAN WITCHER '50 has assumed responsibilities as President of Upjohn International Inc., international pharmaceutical firm which has subsidiaries in 36 countries including 13 manufacturing units in 11 countries.

Following graduation from Thunderbird in 1950, Dan joined Sterling Drug Company as a supervisor in Rio de Janeiro, Brasil, where he rose to the position of District Manager with headquarters in Sao Paulo. In 1956, he was named Manager of the Brazilian subsidiary of Mead Johnson & Company, a position he held until he joined Upjohn in 1960 as Area Manager of Latin America.

Four years later he was named Manager and Vice President of the Company's Latin American Division and transferred

to the head office in Kalamazoo, Michigan. In 1967, he was made Vice President of the Far East Division, and in 1971 was promoted to Group Vice President and assigned responsibility for all of Latin America and all areas of the Far East in which Upjohn is active.

Dan and his wife and their four children reside in Portage, Michigan.

KNORR NAMED VICE PRESIDENT OF KIRSCH

At a recent meeting of the shareholders of the Kirsch Company in Sturgis, Michigan, ROBERT J. KNORR, Class of June 1951, was named international Vice President.

He joined Kirsch in 1954 and was formerly director of the international division of the Company. He is married and the father of two children.

Kirsch is the world's largest manufacturer of drapery hardware and markets a variety of other home furnishing oriented products. The Company has worldwide distribution and maintains 24 fully stocked branch offices throughout the U.S., and has permanent sales showrooms in New York, Chicago and Dallas.

WARRENS BACK IN AUSTRALIA

"It's great to be back in Australia," says BOB WARREN, newly appointed President of Bendix Corporation Australia Pty. Limited. The Warrens recently returned to Australia following several years residence in Mexico City.

Bob began his international career after graduation in February 1955 with the North American Insurance Company, and was assigned to the Philippines. A few years later he joined Electric Storage Battery Corporation and for the next six and a half years was managing director of its overseas affiliates in Panama, Colombia and Venezuela.

Back in 1965, he joined Bendix and after a year's orientation in the States and Latin America, he was appointed Project Manager of Bendix Corporation of Australia's new A.D.F. project at the Rockdale plant.

Two years later he was on the move again, this time to Mexico to serve as President and General Manager of the company's Mexican affiliate, Frenomex, S.A. Four years later, he was made President of a new Mexican subsidiary,

Bendix Mexicana, S.A. In this capacity, he was responsible for establishing a multi-million dollar plant where all types of Bendix products are manufactured for export to the U.S.

BOB and RUTH have three children — Robyn, aged 16, born in the Philippines, 10-year-old Margot, born in Colombia, and Mark, now aged seven, who was born in the United States between assignments.

Bob manages to take time out from his busy schedule to keep up his golf and on a recent trip to the Bendix Management Conference in Florida, he shot a net 68 on a par 72 course.

AROUND THE WORLD

1947 JOE JOLLY has been transferred to Indonesia by American Overseas Petroleum, Ltd., as Relations Advisor. This is the same position he held in his previous assignment in Libya . . . HERB LINDSTROM of Oxon Hill, Maryland, Marketing Manager—Italy and Greece for the U.S. Department of Commerce, was recently Director of a very successful U.S. printing equipment trade mission to Spain and Switzerland. Wife, MARIOLYN, is employed by Galaxy Inc., a firm of international management consultants . . . In the last issue of THE THUNDERBIRD we mentioned that FLO MERVIS' 1972 Summer jaunt took her to Yugoslavia and East and West Germany, however, we neglected to include her "wonderful" 4-day visit with FRED KOPPL '52 and his "charming" wife, NORA, in Heidelberg.

1948 JOHN HENSON of USAID has been assigned to Vietnam as Advisor to Central Logistics Agency, and writes: "We couldn't stand Washington for more than a year, where I was on rotation assignment, following three years in Djakarta. So, when Saigon requested, we accepted. Arrived here on September 1, for a two year tour. Joined BILL FUNKS '71 for a Thunderbird get-together last month. Many Thunderbirds, and fun." . . . BOB BEAN and his charming wife, ALICE, of Chicago visited the Valley of the Sun over the Christmas Holidays. This was Bob's first trip back to Thunderbird since graduation. At Sky Harbor Airport in Phoenix he ran into KARL KLOMANN '47, who is a practicing attorney in Chicago.

1949 The MARV ARMSTRONGS of Santa Monica, California, report: "EMMY LOU has her masters in Spanish and is teaching at UCLA. We're boat freaks and spend most of our leisure time cruising up and down the coast. The kids are all grown and working—Cathy, who spent a lot of time crawling around the Thunderbird pool at the age of six months is now twenty-five." Marv is General

Manager, Reprographics Division of Continental Graphics in Los Angeles . . . A couple of years ago, WALT and PHYL LEONARD gave up their Phoenix insurance business and concentrated on free lance writing and photography. Their subjects cover everything from Aztec featherwork to sailboating spurs, and to date they have sold 85 illustrated articles. On January 31, the Leonards celebrated their 25th wedding anniversary . . . The KEN MILLERS of Warren, Ohio, have had another busy year—still active in little theater groups, still traveling here and there on business and pleasure trips, etc. Their son RANDY, a current student at Thunderbird, has received the Bronze Star Medal for outstanding meritorious service in Vietnam.

1950 SIBBY BUCCHERI, of Stamford, Connecticut, who has been employed by Bendix International for the past eighteen years, has been appointed Manager of Automotive Original Equipment Sales. The new position was created as part of Bendix International's planned reorganization to meet the ever increasing Bendix automotive OEM equipment demands of U.S. multi-national firms and of foreign car and commercial vehicles and off-the-road construction machinery equipment manufacturers . . . WARREN ALGEO is Sales Development Manager for Diamond Shamrock Chemical Company in Cleveland, Ohio . . . FRED PARMEN-TIER has joined the insurance firm of Rollins Burdick Hunter Company as Vice President of the International Division. He is based in the Chicago office.

HUPMAN PROMOTED

JOHN N. HUPMAN '52 has been named to the new position of manager, safety, health and security for Cooper Tire & Rubber Company's Findlay, (Ohio) plant. In addition to his new duties he will be the plant liaison coordinator for OSHA regulations.

John spent five years on overseas assignments in South Africa, Manila and Mexico City for Firestone International before joining Cooper in 1960 as finishing department manager. From 1968 to 1971, he was on special assignment. In 1971, he was named shift superintendent, the position he held until his recent promotion.

John and his wife, Vaneda, have two children and reside at 929 South Main Street in Findlay.

1952 MARRIAN GLEASON, widow of ED GLEASON, of Wellesley, Massachusetts, writes: "Our daughter Julia (17) is a freshman at Bryn Mawr and a National Merit Scholar. Son Edward is almost as large as his father was. He is at Middlesex

(where he concentrates on soccer, baseball, hockey, squash, tennis and socializing). The children spent the summer in Scotland and England. I received a degree from Boston University in December 1970 in anthropology, but I shall not be competing with Margaret Mead since my field of concentration was prehistory. Have been substitute teaching sciences and social studies in local schools and looking for a job in research. Had expected to see JIM BASTABLE this year, but he did not come East. This year I hope to see JIM, LOU and LIZ PELLIGRINI in New Haven, and TED HARPAM, who expected to return with his family to the States." . . . Following 19 years of almost constant overseas living LOIS ALBERTS RADER has settled in Boulder, Colorado and, on a few occasions, has "reunited" with the WINSTON DUNLAVEYS both in Boulder and Esterville, Iowa . . . CAL O'NEAL writes from Vienna, Austria: "Both our children are attending an Austrian elementary school and are bi-lingual. We are building a house on the edge of the Vienna Woods and continue to spend August on Elba and to ski during the winter in Corinthia or Tyrol. Last year I was promoted and obtained full diplomatic status." Cal is Chief, Contracts Administration Section, of the International Atomic Energy Agency.

LAMBERTS TAKE TO THE RAILS

"Who would ever take a train trip from San Jose, California, to the Guatemala border and call it a vacation?" asks JOHN LAMBERT '53. That is just what the Lamberts, John, Nancy and daughter, Gina, experienced last year, traveling some 7,600 miles by rail. Of course, they had many misgivings before they undertook the trek, however, they wanted to use their rusty Spanish and also see the Maya Indian Country, so off they went.

They spent Christmas in Merida and New Year's Eve (which turned out to be a rip-roarin' party complete with pinatas, bubbling champagne-like sidra, singing, dancing, etc.), somewhere in the Chihuahua desert. Highlighting the trip was the ten-piece mariachi band in Vera Cruz, the leisurely tour of Merida in a horse-drawn carriage, the magnificent and mysterious Maya ruins, topped off by Mexico City in holiday regalia.

Their fellow tourists included teachers, social workers, engineers, artists, preachers, railroad buffs, and a dentist from Chicago, who luckily carried a few tools of the trade and pulled the aching molar of one of the crew members.

They report that accommodations were adequate, in spite of the bathless bathrooms, the food was excellent (because the chef had cooked for former President Diaz Ordaz) and the whole deal, including meals, hotels and bus tours came to 9 cents a mile.

1953 GEORGE BENZON of Pomona, California, visited campus in December and we spent an interesting hour discussing the good old days at Thunderbird. This was one of George's rare visits to the Valley and

our conversation was mostly confined to the members of the February and June 1953 Classes. The following evening CHAUNCEY BAILEY called him from Los Angeles. He was in the States for three weeks with the Buenos Aires Aeros Junior Soccer team of which he is coach. They planned to play two games in Los Angeles, then on to San Francisco, Portland, Seattle, New York and Washington, D.C. . . . GEORGE PETRABORG reports from St. Cloud, Minnesota: "Our family owned business of 43 years is now in the process of selling out. I'm too young to retire so have given serious thought to taking up a foreign trade career." . . . SAMMY NEBLETT's 13 years as a traveling auditor came to a full stop early this year. He is currently working at the IBM WTC headquarters in Manhattan and maintaining an apartment in Queens. His 1972 travel was a brief vacation to Amsterdam and London, plus occasional weekends in Florida.

1954 KERMIT ADAMS, Program Director of California State Polytechnic Foundation reports: "Coordinating with Ministry of Agriculture of Guatemala to provide agricultural technician support for vegetable, crop, livestock, fruit production, and forestry agricultural mechanics. This program is in its 6th year and has been selected by USAID as one of two in the Western Hemisphere (and of 5 in the world) for an Institutional Development Agreement Contract." . . . DAVE BURGER writes from Chinle, Arizona: "Navajo Nation development problem exactly fits my hideously abstract doctoral dissertation. Am currently working out economic consequences of moving Navajo Community College to new Tsaile Lake Campus."

NEWLYWEDS TOM and MARIA ISABEL BARNETT were married on January 19th aboard the yacht, Miss Florida, in Miami Harbor, and honeymooned in Acapulco and various parts of New Mexico, before returning to Rio where Tom ('55) is President of Grant Publicidade, advertising agency.

Rua do Ouvidor, 10º and
232 - 2282

1955 AL MONKS, Assistant Professor of Education and Research at the University of Wyoming, reports that he has made several trips to the USSR and plans another for the near future . . . JACK and ANN LOCKLEDGE and their three sons of Canton, Pennsylvania, spent a part of their 1972 summer vacation in Mexico. They flew to Colorado and made the rest of the trip in a borrowed Toyota. Jack, with dictionary in hand, brushed up on his Spanish but Ann admits she never got past the listening stage . . . RUTH BILL is back in Miami, Florida, again and trying to adapt to working the night shift at Jackson Memorial Hospital. Daughter DIANE completed her nurses training at the University of Florida, and in 1971 married a doctor she met there. Currently Dr. and Mrs. Francis Lim are with the Air Force in Hawaii. Son JIM now 27 has been working for Univac in Philadelphia since graduating from Carnegie-Mellon University in '68.

1956 WALT GILLIS has returned to the States from Malta and he has accepted a position as legal counsel for Kewanee Oil Company, which will involve some overseas traveling. The Gillises are living in King of Prussia, Pennsylvania . . . BILL RODGERS of USAID writes from Brasil: "After being in Rio de Janeiro for three years we were transferred to the capital, Brasilia. Brasilia is growing rapidly and is becoming the center of governmental activity. We have a nice home overlooking the lake, and live here with our two high school age daughters. Our son, now a junior in college in New York, spent a few weeks with us in August after summer school in Segovia, Spain."

NEW CITIBANK BRANCH

FIRST NATIONAL CITY BANK celebrated its 70th year of service in the Philippines by officially opening a new branch at 319 Buendia Avenue in Makati. Prominent in the Philippine banking operations is Vice President S A M ESTABROOKS, Thunderbird '58. Sam joined

FNCB shortly after graduation and served in Japan and Hong Kong before being assigned to the Philippines in 1971.

1957 "We're paddling our way to the USA for our once every three year home leave!" write the MARK WHITCRAFTS of Bangkok. "Mark just received the news, he is to be participant in the 65th session of the Harvard University Advance Management Program. He will have to live in the dorm on the Cambridge campus, so the rest of us have decided to stay in Hawaii." With an eye to the future, the Whitcrafts have invested in land on the Islands . . . The JOHN GILBERTS of Cincinnati had another busy year—a three week European vacation for Mom and Dad while the two grandmothers did the baby-sitting, an all-

together family vacation at Lake Leelanau, Michigan, a fire in their basement which caused the family to flee into the night, and as a climax to an already exciting year—son JEFF, and freshman at Miami University, accidentally shot himself. "The 22 bullet passed through his left wrist — missing all the veins, arteries, etc., and on into his chest, again missing all vital organs and is still lodged in his left armpit. Doctors said to leave the bullet in and Jeff heartily agreed."

AGRICULTURAL SPECIALIST ASSIGNED TO TURKEY

RAYMOND ANDERSON '57 of Tucson, recently spent three months in Turkey, where he served as a livestock consultant specializing in foreign development.

Ray was on assignment for the University of Arizona and joined Dr. John Fischer, also of UA, who is on a two-year assignment as consultant to the planning division of the Ministry of Agriculture in Turkey. Current agricultural planning emphasizes livestock development.

UA maintains personnel in that Country under financial sponsorship of the United States foreign aid program. Ray previously served with the UA group in Brazil, as well as with private firms and development banks in other Latin American countries, Africa and the Middle East.

1958 Following four years in Taiwan and Okinawa with Foremost Dairies, the GERRY KELLEYS were transferred to Bangkok several months ago, where he is managing Director for the Company's Thailand operations . . . A Christmas letter from PETE and HARRIET VOS reports: "This year we're a long way from that 'tropical paradise' which we so enjoyed last year! Yes, instead of swaying palm trees in the warm sunshine, we look through frosty windows at snow-laden maples, groaning in the wind! But even with Nebraska's justified reputation for long, hard winters, we are very glad and thankful to be here." Returning to States from Bangkok, they embarked on a real adventure, seeing everything they could along the way. "We started in Nepal, a most primitive but interesting country, nestling in the Himalayas, and even saw Mt. Everest. Then on to India — Delhi and to Agra and the Taj Mahal, for a sight we will never forget. Then on to Teheran with its gleaming mosaic minarets framing snow-capped mountains, Lebanon with its ancient Phoenician ruins, Cairo — the pyramids and the Sphinx, Istanbul and the mosques, and Athens, giving another glimpse into the past. Yugoslavia — the old walled city of Dubrovnik and the Dalmatian Coast, then Rome with its timeless beauty, Paris and its charm, and then to Holland. We spent two months there, seeing lots of new places as well as familiar ones, and enjoyed being with relatives." The Voses are currently in Omaha, Nebraska, and Peter (having left Scott Paper) is waiting for the right opportunity to come along.

BUCKY BUCKWALTER TIC FOR SEATTLE SUPERSONICS

Sports minded Thunderbirds, especially those of the May '59 Class, must know that the much talked about and controversial BUCKY BUCKWALTER of the Seattle Supersonics is the same Morris Binns Buckwalter who attended TGSIM back in 1958-59.

Most recently head basketball coach for Seattle University, Bucky has been given the unique title of Temporary Interim Coach of the Seattle team, but has no real clue as to his final destination in the Sonic scheme.

Born in a small Utah town, one of Bucky's first dreams was to dance like Gene Kelley of the movies, and later he decided to become a lawyer and obtained a bachelor's degree in political science. Then came a service commitment, followed by a BFT from Thunderbird. This led to an offer from First National City Bank in New York, which would have taken him to Mexico City as a bank representative.

Before he could accept the offer his father asked him to help on a family ranch in Utah. He had earned the nickname of Bronco Busting Bucky during his sophomore year in high school when he went to work on his dad's 40,000 acre ranch near Helena, Montana.

Finally deciding that ranching was not his cup of tea, Bucky accepted an assistant coaching job at the University of Utah, and later moved on to the Seattle University to become head basketball coach.

What the future holds for Bucky is indefinite. You'll have to follow the sports' pages for the answer.

MARTIN '59 PROMOTED TO VP

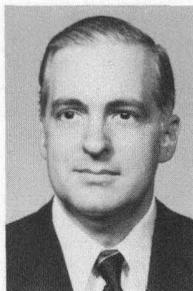

GEORGE E. MARTIN has been named a Vice President in the international inspection department of the Comptrollers Division of the First National City Bank.

George joined FNCB after graduating from Thunderbird in June 1959. In 1964, he was named a senior inspector and made an assistant cashier two years later. In 1967, he was promoted to assistant comptroller and currently supervises international inspection activities in the Asia-Pacific area, headquartered in Hong Kong.

1959 SAM KELLER, former assistant vice president of the Crocker National Bank in San Francisco, has accepted a position with the Department of State . . . BART HARTZELL writes: "I thought it was about time to bring you up to date on my whereabouts. At the end of last January Boeing transferred us from Bogota, Colombia, back to Seattle. I am now in an Airline Maintenance Engineering group. We assist both beginning and established airlines who have Boeing equipment with their maintenance

programs. Our assistance involves a fair bit of travel, as there are numerous airlines around the world who have Boeing planes. In August, I traveled to Kathmandu, Bangkok, Kuala Lumpur, Singapore and Hong Kong in order to visit 3 airlines in that part of the world. In October, I was in Copenhagen, Frankfurt, Beirut, Jeddah, Mogadiscio, and Addis Ababa visiting 3 Middle East-African airlines. Both of these trips were quite interesting as I had never been in the Middle East, Africa or the Far East before. Since returning from my last trip, I have been assigned to assemble maintenance planning information for People's Republic of China (Peking), who have purchased 10 707 airplanes from Boeing. As there is a good possibility I could be traveling to Peking this year, I have started taking an evening course in Mandarin Chinese." The Hartzells have moved into a new home in Bellevue.

HUME NAMED VICE PRESIDENT

STEWART O. HUME '60 has been promoted to Vice President in the Multinational Division of Bank of America's International Banking Department. In his new post, he will administer credit and marketing activities of senior field officers servicing major multinational clients around the globe.

After serving a number of years in the international division of First National City of New York, including a four year assignment in Sao Paulo, Stu joined Bank of America in 1966 as an assistant cashier. He was promoted to assistant vice president in mid-1969, and in May '71 he was transferred to the Multinational Division.

1960 Following nine years in South America and two and a half years in Southeast Asia **GERRY KANGAS** has been assigned to Suva, as Manager of the Fiji Islands operations of First National City Bank . . . **DAN ISHIBASHI** is Planning Manager for Max Factor K.K. in Tokyo . . . The **ART MISNERS** are still enjoying life in the Philippines where **ART** is General Manager for Rohm and Haas. Char writes: "I have been Chairman of a hospital fund-raising campaign and published a cookbook for them to sell. **ART** is busy with work and still finds teaching graduate business courses at Ateneo University quite stimulating. We see **YVES** and **BILLYE COCK** from time to time and in October enjoyed a pleasant weekend at their beach house with them and **PETE** and **MARY BURGESS**. The latter arrived in Manila in July. **MARY** and I met at the hairdressers one day and she said 'I know you from Thunderbird.' I wasn't thinking about them being in this part of the world as I thought they were still in Latin America. Really is a small world."

1961 **TOM** and **MARGARET McWILLIAMS** have moved to the Bay Area where he has been assigned as Vice President and Manager of the San Francisco International Division of Security Pacific National Bank . . . **BO BOWMAN** was recently named District Sales Manager of Leeson Corporation and has established offices in Osaka, Japan, with responsibility for sales activities covering Japan, Korea, Taiwan and Hong Kong. Prior to joining Leeson he was Pacific Regional Manager for Hobart Brothers, A. G. headquartered in Amsterdam . . . Following ten years of overseas living, the **GEORGE ARMENTAS** have transferred to Chicago where he will serve as Manager of the International Development Division of The Quaker Oats Company . . . **BOB** and **BETSY FETNER** and their two children, formerly of the Virgin Islands, have been assigned to Panama by Chase Manhattan Bank. Bob is second vice president of the Bank's Panama operations.

1962 **CHUCK** and **ELAINE ALEXANDER** and two children returned to England in the Fall of 1971, where he is a Vice President of the Manufacturers Hanover Trust Company in London . . . The **MANNY BALLESTEROS** write from Madrid: "Back overseas again. This time to sunny Spain to head up Lorillard's Iberian operation. OLE!" . . . **DR. RICHARD CARTER** has transferred from the Federal Reserve Bank of Cleveland to the Department of Commerce in Washington. His present assignment calls for extensive research on current analysis of Balance of Payments and methods of improving collection of BOP data . . . We are happy to report that Tim, the young son of the **GENE METLERS** of Orem, Utah, is satisfactorily recovering from a rare bone disease. The Metlers keep busy with their motel rentals, and this past year **GENE** was elected President of an apartment owners association in the Provo-Orem area. He recently completed a four-year term in the BYU 76th Ward Bishopric, and is an Advisor for 26 Explorer Scouts . . . A new Year's Eve package was delivered to the **CHUCK NIEMANN**s in Quito, Ecuador. Erika Signe arrived at 10 p.m., weighing in at 6 pounds 12 ounces. Chuck is Care Director-Ecuador . . . **GUY STILLMAN** writes from Hawi, Hawaii: "We have 85 acres and are in the process of converting the land from sugar cane to diversified agricultural use. Our house, shop and storage area is nearly complete, and we have a five-year plan for production." . . . **WALLY SANBORN** has accepted a position as Southwest District Sales Manager for the **MUD CAT** Division of National Car Rental System, based in Houston, Texas . . . **CONNIE WILKINSON** is attending Los Angeles College of Law and with his bride, the former Patricia Jo Tipton, is living in North Hollywood . . . **PHIL VOSBURGH** resigned from the Mennen Company several months ago and has joined Eutectic Corporation as Vice President-International Division. Eutectic is a leading producer of speciality welding materials.

FLORIDA NAMED MANAGING DIRECTOR OF J. WALTER THOMPSON PERUANA

On March 1st, **JOHN FLORIDA** assumed the responsibilities of Managing Director of J. Walter Thompson Peruana, and will be headquartered at the company's branch office in Lima.

He returned to the New York office in 1971 and was promoted to Vice Pres-

ident following a seven year assignment in Buenos Aires.

A member of the January 1962 graduating Class, John was the recipient of both the Barton Kyle Yount Memorial and the Alfred Knight Scholarship Awards, and was a member of the winning advertising team.

HOFFOWER NAMED VICE PRESIDENT

PAUL M. HOFFOWER '63 has recently been appointed to a vice presidency in Hutchins Advertising Division of Hutchins/Darcy Inc., a Rochester, New York, based advertising and public relations agency .

Paul joined J. Walter Thompson in New York in the summer of 1963 as a trainee and assistant account executive. He joined Compton Advertising as an account executive in 1966.

In 1969, he accepted a position with Hutchins Advertising as an account executive. In this capacity he handles accounts such as Curtis-Burns and Star Supermarkets for which he successfully solves many advertising and sales promotion problems.

He is a member of Marketing Communications Executive International and Grocery Manufacturers of America.

Paul and his wife, Margaret, and their two children reside at Taunton Gap, Fairport, New York.

1963 **TOR FOLKEDAL** has been named President of the Chicago branch of First National City Bank. He was formerly Resident Vice President of the Bank's Korean operations . . . **GARY WEST** of Sterling Products writes: "I was transferred back to Costa Rica after eight months in El Salvador where I was with our regional office. Now I'm back at our Dorothy Gray factory. I see **LEX CREAMER '62** often and from time to time stay at his place in Tegucigalpa where he raises pigs, chickens and ducks. Spent two and a half months on vacation and visited **HENRY** and **KAREN VIGOR** in Mexico City for a week." . . . **MARC GILMORE** has been named an Assistant Vice President of

FNCB's international banking group and has moved to the New York office following eight years in Peru and Ecuador. The Gilmores live in Stamford, Connecticut . . . ERNIE MOORE reports from England: "LOIS and I, and our 20-month-old adopted son Geoffrey, are fine. Am now in business for myself—opening party shops throughout Europe—having left Hallmark on good terms in August. Everything is moving very well and I am pleased to be on my own." . . . MEL HERTZ has been promoted to Manager, Personnel Services, of the First National Bank in Albuquerque. JOANNE was New Mexico State Press Director for the Nixon Campaign, which she claims was one of the most exciting and fascinating endeavors of her career . . . A few months ago, BRUCE BARBER accepted an offer as Director of Investment Planning and Research for Bamerical International Financial Corporation, a subsidiary of the Bank of America. During the year, the BARBERS vacationed in California and Colorado and enjoyed a business-pleasure trip to the Netherland Antilles, with side excursions to Bonaire, Aruba, Venezuela, Trinidad, Martinique, Puerto Rico, Florida and then on to Panama.

1964 PETER de VRIES has joined the international division of American Home Products in New York City . . . WARREN and GILMA ALVERSON spent the Christmas holidays in Peru with Gilma's parents. The Alversons reside in Ridgewood, New Jersey, and Warren is an associate of Profit-Improvement, a New York management consulting firm . . . The GARRY MOORES returned to the States last Fall following 3 years in Belgium and Spain for General Milk Company, and were no more than settled in the Los Angeles area when they received word that they were to be sent to Peru, where Garry will serve as marketing manager for Leche Gloria, S.A. Although the plant is located in Arequipa, he will be working out of the Lima district office . . . DON and NORMA KRAVITZ and their two children have returned to Phoenix. As area real estate representative for Food-maker, Inc., Don is currently acquiring sites for Arizona Jack-in-the-Box expansion . . . BOB ANDREWS writes: "How time flies! In the nine years since I left Thunderbird I spent seven years in Latin America—working in Venezuela and Mexico, and picking up a Masters in Business Administration from the University of the Americas in Mexico City. I now work for U.S. Steel Corporation and have been permanently assigned to Brazil" . . . TANN YONG left National Chemsearch several months ago and has joined EssoChemical. He will remain in Bangkok.

1965 JOHN DATSOPOULOS is attending a retail management program in London. Upon completion of the one year course he will be reassigned by Firestone. His telephone number is 937-3613 and he would be happy to hear from area Thunderbirds . . . ALPO CRANE has been promoted to assistant vice president of the North Carolina National Bank. The Cranes recently moved into their new home in Charlotte . . . DON

WHISMAN, formerly with the Vinnell Corporation in Vietnam, has joined Seal-land Services. He will remain in Saigon . . . JOAN GLADEN writes from Frankfurt, Germany: "All is fine here and we continue to enjoy living in Europe. CRAIG is now a 2nd Vice President with Continental Bank. The little ones seem to thrive on traveling. We had a marvelous time in Chicago, Florida and London this past Fall when we did our bi-annual home leave." . . . MERLE HINRICHS, Managing Director of Trade Media, Ltd., interviewed on campus in December. He spent the holidays with his parents in Nebraska before returning to Hong Kong.

1966 BILL GRANT, executive vice president of Grant Advertising International in Chicago, recently completed an intensive retail training seminar sponsored by the Consumer Markets Division of Eastman Kodak Company at its Marketing Education Center in Rochester . . . PERRY MELTON joined General Tire & Rubber Company in September, and has been named production manager in the 4,000 unit a day tire manufacturing plant in Porto, Portugal . . . Following three years with Reader's Digest, JOSE VILLARREAL joined the Mexico Government as Trade Commissioner of the Mexican Embassy in Lima, Peru . . . BOB MOORE, contracts specialist for the Army & Air Force Exchange Service, has been transferred from Vietnam to the Okinawa Regional Exchange . . . BOB NORFLEET called a few months ago to report that he was about to leave on a trip to Argentina and from there would go to Mexico on a six month's assignment for Alberto Culver.

MOYNIER APPOINTED MANAGER

JOHN P. MOYNIER '67 has been appointed manager of Bank of America's branch in Rotterdam, Holland. He previously served for four years in the Mexico-Canada Division, Bank of America World Headquarters in San Francisco, where he held the title of Assistant Vice President.

Prior to his assignment with the Mexico-Canada division, he served in the Latin American area of the bank's international department.

1967 PAUL DONNELLY writes from Caracas: "In September 1972, I made one of the most important changes of my life. I formed a company with a Venezuelan friend of mine to control all his family's interest, which amount to more than 60 companies including a bank, leasing, finance, credit card, real estate and insurance companies. I love Venezuela, and I hope to live here permanently." . . . FRED CRAWFORD is Assistant Manager of the FNCB branch in Riyadh, Saudi Arabia . . . CARL GONZALES and his family are living in Morristown, New Jersey, and he is employed by Cooper Labs International . . . JOHN HALE has been named Assistant Treasurer of Chase Manhattan Bank's Panama opera-

tions; TED KYLE is a practicing attorney d.b.a. Cain, Kyle, Helm & Britton in Tempe, and JON LAUBSCHER is an international banking officer for Harris Trust & Savings Bank in Chicago . . . EARL OMAN reports: "Just recently left Firestone and joined The Deltona Corporation in Coral Gables as Assistant Director of Sales for Latin America and the Far East. We look forward to living in this area and invite our friends from Thunderbird to stop in and see us if they pass through. The Omans reside at 1331 San Ignacio in Coral Gables . . . ERIK FELKER is employed by the Department of Social Sciences in the Glendale, California, area. As a "moonlight" job he teaches English as a second language to a group of adults.

LEWIS JOINS SMITH KLINE & FRENCH

PETER W. LEWIS '68 has joined Smith Kline & French Laboratories as International Product Manager for the company's International and Feed Additive Operations, Animal Health Products Division.

In his new position Peter will coordinate the introduction and marketing of new Animal Health Products throughout the World.

Prior to joining the company he was with the Coca-Cola Export Corporation in Mexico, where he was National Advertising Manager for FANTA.

Peter and his wife, the former Leticia Vela, reside in Malvern, Pennsylvania.

1968 "Well, here we are in another country and with another job for LEE," writes BECKY ALISTON. "He is now Division B Superintendent of the new Goodyear plant start-up in Casablanca. We were in France such a short time, that it doesn't seem we were there." . . . TYLER WILSON has joined the Menlo Park, California, office of Fox & Carskadon Securities Corporation; NORM MICHAUD is employed by Rande, Inc., in Berthand, Colorado; DICK ZECKER is District Travel Manager for American Express in New York, and ROGER RUPPE recently joined Markel Services in Burlingame, California . . . The newlyweds, DAVE and LOUANNA LONG, honeymooned in Penang and Nepal . . . BRIAN O'CONNOR reports from St. Paul: "I'm almost half way through the Seminary, and enjoy my studies immensely and my new found vocation in life. After all, how many Thunderbirds have gone into the priesthood? I tried calling TIM DOLAN in Caracas last August but the line was busy. DAVE MIDGLEY called me during the holidays from San Diego to say he is with Maremont Corporation of Chicago, but will be working in Cleveland." . . . Since resigning from American Express, GARY MOORE has taken a position

with the First National Bank of Arizona. The Moores have purchased a new home three miles from campus and are happy to be back in the USA . . . JOHN SCHUBERT is living aboard a beautiful 36' yacht in scenic Oceanside Harbor, California, and is employed by Oceanside Marine Centre. You can find John on Dock F . . . JOHN KOEGH reports: "As you already know, I left Grant Advertising in Sao Paulo and accepted a position in the international division of the First National Bank of Miami. We're happy to be back, but we do miss Brasil and all our friends there." . . . BOOKER WARREN, Southwest Area Financial Manager for Scientific Products Division of American Hospital Supply Corporation, recently attended a National Operations and Financial Managers meeting in Key Biscayne, Florida, and while there met BOB SUTTON, who is Operations Manager in Washington, D.C. Booker and his family live in Arlington, Texas . . . As Sales Engineer for Stewart and Stevenson Services out of San Juan, Texas, BARRY BEYER frequently travels through Central and South America with emphasis on the Andean group . . . AL WILSON, a newly-appointed Regional Sales Manager for Whirlpool, has been doing some extensive traveling through Central and South America.

WILSON JOINS MORTGAGE REAL ESTATE FIRM

MARK C. WILSON '69 has joined Sonnenblick-Goldman Corporation of Texas as Vice President. The firm is headquartered in New York City and has 10 affiliated offices throughout the country.

In his new position, Mark will be responsible for the development of commercial and industrial real estate loans throughout the Gulf South and will be headquartered in Houston.

Prior to joining Sonnenblick-Goldman, he was assistant marketing manager for Cameron Iron Works in Houston.

1969 DICK FREDRICKSON has been named Manager of American International Underwriters (Santo Domingo) S.A. in the Dominican Republic . . . BILL BARBEE left ADELA Investment Company to accept a post with Watson & Rae, gourmet food processors, in San Jose, Costa Rica . . . MIKE CONSIDINE has been promoted to Assistant Manager-Credits of the Panama Regional Office of Bank of America; JOHN GILLET is Managing Director for Sea-Train Limited in Sydney, Australia; JOHN HAGEN has been promoted from Senior Analyst to Supervisor of Pricing and Budgets by American Motors, International Division, and REED NELSON is a USAID Province Development Officer in Vietnam . . . DON HEDGPETH writes: "Back in Hong Kong, after 5 months in New York at home base. Seagram is a super company, however, NYC was a real downer. Now working with STEIN OWRE '67 at TMX Continental Ltd." . . . SANDY STONE recently purchased a condominium apartment in the Miramar Section of San Juan, Puerto Rico. His first social event was a going away party for the MARTY McNAMARAS, who were leaving for a month's vacation

in Guatemala. Also attending the function were LUIS ATECA and CHUCK FAIRMAN '70, both of Mobile Paint Company in P.R. . . . Following two years in Copenhagen, JOHN and MARKA POLHEMUS were transferred to Helsinki, Finland, where he has assumed the responsibility of Area Manager of Goodyear products . . . BOB HUGHES writes from Singapore: "I left Union Carbide over a year ago and am currently General Manager of Ex-Im Hong Kong. Been travelling extensively through S.E. Asia, primarily Indonesia and Thailand, and am away from home base about 60% of the time." . . . An article written by BUD JOHNSON, administrative assistant to the manager of American International Underwriters in Madrid, Spain, appeared in the January '73 issue of BUSINESS WORLD. "In a Multi-National Company Opportunities Abound" gives Bob's views of, and experiences with AIG, particularly in Madrid. Entering the insurance business was the farthest from Bob's mind when he came to Thunderbird and his story further relates why he chose AIG for a career over numerous other offers he received. Pictured in the same publication is JEAN PELLIZZA '72, BOB BUDGE '72 and VINCE MASUCCI '71, all of AIG . . . HOWARD PATTERSON reports: "Presently, I am in charge of inspections of First National City Bank's various branches in India, and have three other Thunderbirds working with me. LARRY EDSTROM '70, VINCE ZAMIS '70 and DON EHRETT '72. Historically, culturally, politically fascinating as India may be, don't let anyone try to kid you that Calcutta is as much fun as say Hong Kong." . . . WALT ZAMUDIO is Sales Supervisor-Brazil for Travenol Labs, based in San Paulo, and BOB WILLIAMSON has been assigned to Continental Illinois Limited in London as an international banking officer.

GIRARD PROMOTED BY MARINE MIDLAND

RALPH A. GIRARD, JR., '69 has been promoted to International Banking Officer of Marine Midland Bank, New York, and assigned to the domestic finance division of the bank's international banking department.

1970 PHIL YOUNG has been promoted to Assistant Treasurer, International Division of Chase Manhattan Bank in New York . . . GREG MAGEE, Officers Assistant, Chemical Bank New York Trust Company, spent the past year in Zurich, Switzerland, doing credit analysis work. He expects to return to the States in April . . . JOHN and LAURIE MURPHY were on campus in January while visiting his mother in Tucson. They reported that MARK WERTS is selling clothing in Holland; JIM GRAVES is dealing in real estate in the Phoenix area and rooming with John's brother BILL in Scottsdale. Bill is selling Redactron e-

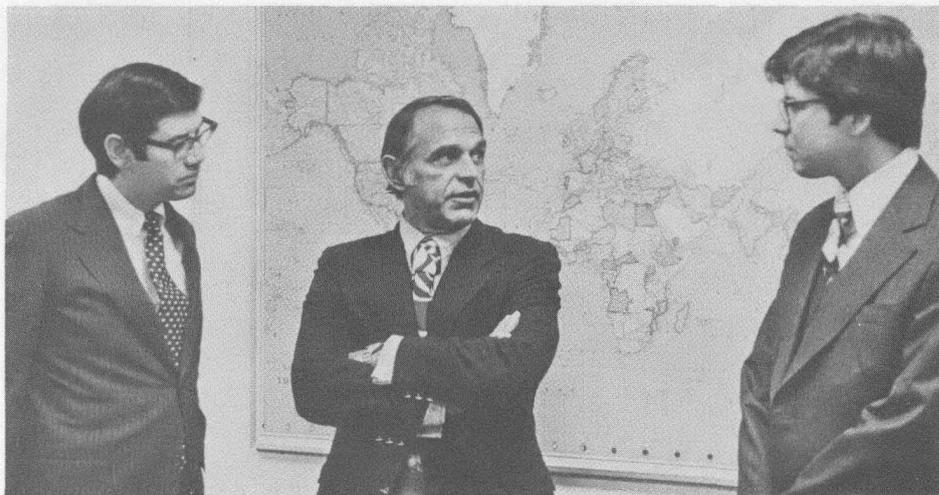

quipment for PBSW in Phoenix. JOHN ORTMAN, GARY GUNDERSON and John formerly operated Orange Crate Arts in San Francisco, however, John and Gary left the company a short time ago and now operate the Atlantis Trading Company in the Bay Area. The company sells foam rubber creations—all kinds of soft, cuddly, comfortable furniture . . . MARTY VOGT has been promoted from Personnel Analyst to Personnel Administrator by Bendix International in New York; LARRY PHILLIPPS is Life Manager for American International Life Assurance Company in Guam; ROGER FRY has been promoted to Money Management Officer of Marine Midland Bank in New York, and GARY DILLEY is assistant manager of the First National Bank of Chicago in Singapore . . . CHUCK WEEKS, New Products Brand Manager for Colgate-Palmolive in Mexico City, writes: "Joanne is still teaching at Montessori. The Director (an ex-priest) calls her 'Mother Superior' because she is always going to bat for someone. Our kids are both well and almost completely Mexicanized. Colgate keeps me pretty busy and on the road often. We love it here!" Joanne and their two children were campus visitors during the holidays . . . DON MUSTON is Assistant Vice President and Assistant Branch Manager of the Alaska State Bank in Fairbanks . . . JOHN EVANS is employed as Manager Future Sales/Purchasing for International Steel Company in Houston, and GARY BURLEY has started a new career as West Coast Sales Manager for Tideland Signal Corporation. The Burleys live in Concord, California . . . After a two year stint in the Marketing-Advertising Department at Procter Gamble, GIL VILLASANTE has accepted a position with McCann Erickson in Mexico City . . . BO SEIFERT reports: "As you know, I went to work for Leo Burnett after graduation as a management trainee. Unfortunately, after a year's training, I had to return to Sweden, but I was lucky to find a good position with a Swedish advertising agency. I started out as an Account Executive with Caldings and today I am Vice President of the Agency. It is not a big company, but we are truly international." . . . MEL BIBO has been assigned to Lourenco Marques, Mozambique, by Goodyear International . . . ALOYSIO VASCONCELLOS is a practicing attorney in Rio and frequently gets together with DENNIS ORIO '71, RAUL DUNLOP '72 and PAULO REIS '72 . . . CAROL CHASE has accepted a position as Sales Coordinator for a new pharmaceutical company in London. Galenopharin (U.K.) Ltd. is a Geneva, Switzerland, company which has just established British operations and manufactures test kits for use in hospital and laboratory diagnostic machines . . . WES MITCHELLS is Coordinating Manager for Service Master Hospital Corporation in Downers Grove, Illinois, and wife BARB teaches in nearby River Grove . . . MANNY FEIBIG writes: "I have just returned, with my wife and young son, to live in Phoenix, after working in West Germany for J. I. Case the last two years. I am presently parts and service representative for Case for the States of Idaho, Utah, Nevada, Arizona, New Mexico and Eastern Texas.

1971 ALEX WELLES is an investment executive with Shearson, Hammill & Company in New York, and his wife, DIANE, is now in an executive position with Sterling Manhattan Cable Television in NY . . . ROY DAHLE, Area Manager for Ridge Tool Company in Caracas, reports that the Company has received the Presidents "E" Award for the last three years and is up for the "E Star" Award . . . PETER LUFT writes: "At present I am working with DEMINEX, the only German oil exploration company in Dusseldorf, and I shall be transferred to Lagos, Nigeria, in the near future." . . . ERIC WEAVER is enjoying his first assignment in Seville, Spain, as post administration officer for the U.S. Department of State. JANE is school nurse at the air force school in Seville and also does volunteer work at Columbus International College. Eric reports that JOE SCHREIBER has also joined the Foreign Service . . . DENNIS ORIO writes from Rio: "Brasil is fantastic. The Brasilians are extremely gracious people and the country has an amazing variety of ethnic groups and ways of life. I am expecting to be transferred to Sao Paulo in April to be the Group Insurance Marketing Manager for AIU. My boss is going to be another T-bird, WARD RYAN '69. He is being transferred from Recife and will assume the position of AIU's Sao Paulo Manager. I encountered TONY DA SILVA on one of the main streets in Sao Paulo. He is working for Ridge Tool." . . . MARY DWINELL writes: "JON and I have just completed one month's home leave in Washington State. We are now back on audit for Goodyear. At this time we are spending a few weeks on Goodyear's rubber plantation in Guatemala and find the change in life style very different and interesting. We have received our audit assignments for the beginning of '73, and after a couple more weeks here we will be going to Jamaica and Colombia." . . . While the BILL HAYES were in Nicaragua last Fall on an Esso assignment they shared the 7th floor of the Inter-Continental Hotel with Howard Hughes, who also occupied the 8th floor. Plenty of guards on duty, but not a glimpse of Mr. Hughes . . . BILL GOEN has been appointed domestic contract representative for the Parker Drilling Company in Midland, Oklahoma . . . JOHN HAMILTON has been named Manager of the Sacramento Metropolitan Chamber of Commerce's Metropolitan Development Council. In his new position, John will be responsible for metropolitan development, transportation, natural resources, education, agribusiness and crime prevention . . . After spending the first half of 1972 at the Foreign Credit Insurance Association headquarters in New York, and the last half in Washington, D.C., ANDY TIBBETS has moved to NY to become Manager of FCIA's Master Policy Section . . . ROBERT FEHLMAN is a Credit Analyst in the Frankfurt (Germany) branch of Security Pacific National Bank; VIC HAUPT serves as traveling auditor for Gestetner Limited out of Yonkers, New York, and DIERK HAGEMANN is Manager, International Operations of Airbourne Freight Corporation in Romulus, Michigan . . . BILL KELLEY writes from Torrance,

California: "I've been commuting back and forth to Europe for several months now (from L.A.) and on route ran into TOM ROBINSON. We were on the same flight from Washington, D.C. to Paris. He was on route to an assignment with the Foreign Service in Libreville, Gabon." Bill is European Area Sales Manager for Avionics Biomedical Division of Del Mar Engineering Labs . . . CLIFF LAVIN is Director of Marketing and Sales for KXIV in Phoenix . . . JOE and ARLETTE (RAMSEY) MILLER are living in Houston, Texas, and Joe is teaching at the College of the Mainland in Texas City . . . JOHN LATHAM reports: "After completing a year's training program in Ottawa, I was posted in Lagos in the summer of 1972 to assume my position as Assistant Commercial Secretary in the Commercial Division of the Canadian High Commission in Lagos. My function very broadly will be to increase Canadian exports to Nigeria by assisting Canadian businessmen in penetrating the Nigerian Market. This will involve providing indepth market research studies, economic reporting on the Nigerian economy, assisting Canadian businessmen in obtaining representation in Nigeria, advising them of customs tariffs, licensing requirements, etc. Several weeks ago at a cocktail party here in Lagos, I met CAROLYN and ED NADEAU '61 fellow Thunderbird alumni." . . . PHIL STRONGIN was on campus in February interviewing for Continental Grain Company. He is now Director of Merchandising & Procurement for the Continental Milling Corporation, a subsidiary of Continental Grain, and as such is responsible for exporting grain and general merchandise to the Caribbean, Latin America, and Africa. The Strongins live in New York City.

1972 BRUCE and CHERYL BLANKENSHIP arrived in Okinawa in late September on an American Express assignment. Bruce is Manager of the Machinato Military Banking Office . . . GARY SLADE, pharmaceutical representative for O'Neal, Jones & Feldman in the Los Angeles area, was chosen as one of the top six salesmen of the company after his first full month on the job . . . JOHN SOLOMON is employed by the Union Planters National Bank in Memphis, Tennessee; BILL SCHEER is an administrative assistant in the international division of H. H. Robertson Company in Pittsburgh; JOHN DUFFER is district manager of the bottling operations of Coca-Cola in the Carrollton, Texas area, and DENNIS BIVENS is Service Manager for the Braden Machinery Company in Blythe, California . . . CHRISTINE TOPOULOS has accepted a position as Credit Assistant with the International Banking Department of Central National Bank of Chicago . . . Following graduation in August, PECK and MARGIE BASTIDA toured Europe, and upon their return settled in the Miami (Florida) area. Peck secured a position with the First National Bank of Miami on the first day of his employment search, and will be rotating around the various departments for the next two years . . . CHRIS SWENSON is a Management Auditor for the U.S. General Accounting Office in Washington, D.C.; ANDY HEIMARK is an international

trainee with Dun & Bradstreet in Cincinnati, Ohio; JUAN RIBES is Senior Project Advisor and General Manager of the Honduras operations of Technoserve, Inc.; TERRY SCHAEFER is an account executive for Doyle Dane Bernbach in New York, and PHIL HANSON is Program Manager of ACTION in Washington, D.C. . . . GEORGE NORTON is Assistant to the Vice President of Previews Inc. in Denver, Colorado . . . BOB MUELLER recently joined the Great Northern Overseas Corporation in the Stanford, California, office. In his new position as Sales Representative for Latin America, he will be responsible for maintaining and developing Latin American sales of both printing paper and container board. On September 1st, he married the former Rosario Jimenez de Flores, who was one of the Mexican students from the University of Mexico who visited the campus last March . . . From JON ERB in Montclair, New Jersey comes: "Began work with Colgate-Palmolive in New York last Summer. Now have the position of Assistant to the Vice President and General Manager of the European Division as part of the international training program. Married Melinda Piper in June." . . . TOM ATWOOD is a marketing management trainee with the Burroughs Corporation in Seattle, Washington and MIKE MARCHESE is a commercial lending trainee with the European-American Bank in New York . . . LIZ MESSENGER writes: "Greetings from West Germany! MAC has been transferred here by American Express and his new title is Direktions Assistant of the branch of the bank here in Hamburg. He is fulfilling the duties of the assistant branch manager whom he replaces, who turned out to be an old Thunderbird by the name of MARK PADEN '67, who left American Express and returned to a new position in the States." . . . The BUCK BROWNS of Hoffman-LaRoche, Inc., are living in Montclair, New Jersey, and enjoyed a recent visit with ED and BONNIE AUBLE and DAVE and MONICA LEECH. They also enjoyed a trip to Cape Cod with GEORGE and PETRA NORTON. Incidentally, the Ed Aubles should be in Kingston, Jamaica by this time on an AIG assignment . . . KENT GREGORY spent the summer in Europe and upon his return joined Lease Finance, Inc., in Denver, Colorado . . . RUSS JOHNSON is a marketing representative for American President Lines in Los Angeles; TED MICHEL is administrative assistant to the international Vice President of Chesebrough-Ponds in Greenwich, Connecticut; MIKE GRADY is with the United California Bank in Los Angeles, and MICK MOE has joined the Milwaukee office of Foreign Credit Insurance Association . . . MARIN KING writes from Sheboygan, Wisconsin: "DICK is very happy working for Kohler International and is being groomed as sales manager of Africa — we will probably go to West Africa in 18 months and live in the Ivory Coast. As soon as we finish getting settled, I must begin French lessons as we will have to be fluent." . . . DAVE OGILVY reports from San Francisco: "Married January 20 in Scottsdale, traveled in Mexico for 12 days. Ran into DAN MURPHY in Museum of Anthropology 15 minutes before earth-

PRESIDENT VORIS (center) chats with FCIA employees DAVE BELL '68 (left) and DAN KIMBERLY '71 at Foreign Credit Insurance Association's New York headquarters. CLARK KUEBLER is President of Perma Plastics, S.A. in Rio de Janeiro and, also, holds important offices with various Brasil organizations.

FORMER STAFF AND FACULTY NEWS

DICK and LEE TURNER of Laguna Hills, California, had another busy year. In addition to Dick's many activities as consultant for a number of business firms, the Turners conducted a 23-day tour for 21 of their friends which took them through Spain, Portugal and Morocco. After landing at Malaga, Spain, the group took an American Express motor coach tour through the three countries, covering some 3,000 miles. Included in the Turner's 1973 itinerary is a Caribbean Cruise, scheduled for March . . . DOROTHY BURGE ALLEN, former Thunderbird Librarian, writes from Montpelier, Vermont, where she serves as Special Services Librarian for the State of Vermont: "The summer of 1971, we visited DR. MARJORIE JOHNSON (head of the Language Department from 1946-1949) and EDITH and TERRY SAMPSON '48 in Albuquerque, also with MARCIA TUNNELL LOGSDON '49 in Sante Fe. BILL REED '47 works for the Vermont Highway Department. When in Chicago in June, I had lunch with BOB BEAN '48 and a long telephone conversation with EUGENE SLADKY '48 who was recuperating from a hospital visit." The Allens spent the month of October in Japan with the Experiment in International Living. Two years ago they attended a like meeting in Turkey. The Allens live at 4 Meadow Lane in Montpelier, Vermont, and would like visiting and local Thunderbirds to stop by and see them at their home, or you can find Dorothy in the building next to the State Capitol . . . NELLIE KIRKPATRICK TAYLOR, formerly of the language department, completed her Master's Degree in French at Arizona State University and planned to visit her mother in San Miguel Allende, Mexico. She hoped to see PACO and RAQUEL GAONA while there . . . JOHN EWING reports: "Have a lot of students interested in Thunderbird, so I keep funneling them down. Look forward to seeing TY and JOANNIE COBB in Tequisquiapan since we have a house and business venture nearby." John is currently professor of Business Administration at the University of Santa Clara, Graduate School of Business . . . LINDA DIAZ, a former language instructor at Thunderbird and now teaching at the American School Foundation in Mexico City, writes: "I am enjoying my work

tremendously, always trying new approaches. At any rate, my students are learning Spanish, History, Culture of Mexico and how to live here and like it. I'm still doing photography and preparing several exhibitions, one for Saigon, one for Argentina, and a very important one here in Mexico on the whole system of our subway. My husband is getting his Master's in P.E. at Mankato State in Minnesota."

Proud of Thunderbird? Then Order Your Decals Today

These colorful red, black and white pressure sensitive Thunderbird decals are being proudly displayed in the Phoenix area and by scattered alumni who remembered to order them. The project is sponsored by the Thunderbird Chapter of S.A.M. (Society for Advancement of Management) and will be mailed to you — \$1.00 each or 5 for \$4.00. You may order them from S.A.M.—T.G.S.I.M., Box 548XL—Glendale, Arizona 85306, or by writing to the alumni office.
